

August 31, 1962

Professor C. H. Waddington  
Institute of Animal Genetics  
West Mains Road  
Edinburgh 9, Scotland

Dear Professor Waddington:

Thank you for your letter of August 20. I shall be pleased to represent the International Union of Biological Sciences at the newly organized COSPAR working group on extraterrestrial biology. I have been in touch with COSPAR and with Professor Calvin with respect to the formation of this group, so I am already familiar with it.

I shall probably not be able to attend the meetings you mention in Paris and Bulgaria, as I have a very heavy schedule for this autumn.

Best regards.

Sincerely,

Joshua Lederberg  
Professor of Genetics
