Dear Josh,

Emily and I just read in
the New York Times about
your appointment as President
at Rockefeller. We were
thrilled and excited about
the news and just want to
send our heartiest congratulations
and warmest wishes. It
should be an exciting life!

While I am sure your life
will also be a very busy one,
we hope there will be some chance
to see you both now that you
will be in the East.

All our best to you both
