INTER-OFFICE CORRESPONDENCE

Date: July 28, 1978

To: J. Wiedenberg

From: B. Bachmann

Subject: Thank you for the information on strain derivations. That was helpful.

I am looking forward to taking in your strain collection. Please let me know when to expect shipments and whether or not I will need to drive to an airport to pick them up. The airport at Hartford (Bradley Intl. Apt.) is the most convenient to New Haven.
