Dear Joshua,

Thank you most warmly for your very mind note -- it was forwarded from Columbia and reached me this morning at my summer address here in Vermont. I would gladly send you a reprint of the TELEOLOGY piece right away, but I have none with me and will not be able to get hold of one until we return to our apartment in the city sometime in October. I'll get one to you the first thing.

I failed to notice the announcement in the TIMES of your election to the Presidency of Rockefeller. My warmest congratulations and best wishes, and hope you will enjoy the new tasks that will face you. And I look forward to seeing you before very long.

Cordially,

Ernest
