

Memo/Reply From  
JOSHUA LEDERBERG

TO: Dr CF Gordon Smith

JUL -2 1980

Heath Clark Lectureship

I trust you have received my telegram. Unfortunately there is no way I can look forward to a semi-sabbatical of 3 months duration during my tenure here. So perhaps a categorical statement will relieve us of a continued pass de temps.

Nothing would give me more pleasure, however, than a visit of say a week's time which, I believe, I could still make in during March or April 1982. But I understand that is not your agenda.
