Dear Mr. Lederberg,

I have received the copy of your letter of January 30 to General A. Horev, President of the Technion, and we all greatly value your offer to assist on the Scientific Advisory Board for the new Rappaport Medical Research Center through meetings in New York or by mail.

I am planning to be in the States during the month of May and would like your permission to arrange a meeting with you so that I may tell you about our school and our plans for the future.

Once again our sincere thanks for your willingness to help and your warm interest.

Yours sincerely,

David Barzilai, M.D.
