Dr. Joshua Lederberg
Rockefeller University
1230 York Avenue
New York, N.Y. 10021

Dear Dr. Lederberg:

Straightaway I wish to extend the heartfelt thanks of the Center for Reproductive Sciences faculty and staff to you for your work on our Advisory Board. We all appreciate your time and effort very, very much. Enclosed with this letter are the comments on the presentations and the Board's discussions from the meeting on February 10, 1995 from Drs. Barber, Segal and Spies.

Changes are occurring in the Center and the Department of Obstetrics and Gynecology with the appointment of Dr. Rogerio Lobo as Chairman of Obstetrics and Gynecology. He has arranged for the incorporation of the Center for Reproductive Sciences and the International Institute for the Study of Human Reproduction into his Department and has assumed Directorship of these units. Presumably this will mean changes in research directions which are yet to be defined. Hopefully these will continue the commitment to outstanding research in basic reproductive sciences which has characterized the Center and the IISHR for many years.

Once again, sincere gratitude to you from the faculty and my personal thanks for the opportunity to spend many rewarding intellectual hours with you.

Yours sincerely,

A handwritten signature in cursive script, appearing to read "Georgiana". To the right of the signature is a large, stylized downward-pointing arrow.

Georgiana M. Jagiello, M.D., D.Sc.
Virgil Damon Professor of Obstetrics & Gynecology
and of Genetics and Development
