Dear Mr. Rogers,

I am sorry that my (prompt) arrangement doesn't suit you to have your paper. I will write you that the correspondence you sent was right on the mark. I most helpful.

I also write that I had deposited the original in the archives of the American Philosophical Society.

I hope you would be receptive to depositing all of this paper (or whatever may be of specific and personal interest) with the APS, and let the professional archives decide what is significant. Most progress by discarding too much.

Many thanks for your help.

Sincerely,
Joshua Lederberg
