September 29, 1947

Dear Dr. Laidler,

Did you comment on the reproduction of your figure relative to the print on the galley or that I send you the copy or insert paper like the one enclosed herein? I admit that the enclosed copy is not too good either but I wonder how much it can be improved considering the limited quality of the original photo.
Please write me your opinion by return mail,
I shall try to do what can be done.

Sincerely,

Carl Stoner
