OFF THE RECORD

~~Ethnic Weapons snake~~
rises from time to time.

I don't know how much of it
starts in Moscow, how much of
it is a fabrication of our domestic
New Left — which the RCB may
then read as evidence that nefarious
things are going on here!

Probably a cycle that includes all
the above.

To my knowledge this is all nonsense,
certainly so far as the U.S. is concerned,
though in another decade or two
it may become a technical possibility.
All the more reason we must seek
more robust arms control of BW
development with the Soviet Union.
There is a lot of mutual paranoia
that may have tragic consequences.

This is in response to your request for
information. Please keep my remarks
of the record.
