Dear Doctor Lederberg:

Enclosed please find a copy of the paper which will appear in the October issue of the Proc. Soc. Exp. Biol. and Med. Thanks again for your suggestion concerning terminology. If you do not need the manuscript any longer I would appreciate having it back - it is the only extra copy I have.

Please remember me to Dr. Tatum.

Very sincerely yours,

A. J. Weil

P. S. I also enclose a copy of the paper on growth requirements which I mentioned to you. If considered under the point of view of mutations it gives data which are of some interest to you.
