Dear Professor Lederberg:

I am glad to inform you that for many reasons we have postponed the dates of our Conference to the 16-20 of August to enable teachers, educators, and others who are parents of schoolchildren to attend the Conference. I sincerely hope that this will enable you and your wife to be with us at the Conference. Unfortunately we are not in the position to take care of your travel expenses but you will be my personal guest in Jerusalem and your hotel expenses will be taken care of.

Rabbi Arthur Hertzberg will give the keynote address and many other prominent scholars in the various fields of sociology, history, genealogy and demography will lecture or participate at the deliberations of the Conference.

We intend to add to the program a brief survey on the Hereditary Diseases in Jewish families, Would you agree to give the main lecture or at least preside the Session ?

At any rate I would love to have you and your wife with us. Please let me know whether I can count on you.

Cordially
