PRESIDENT

The Honorable Alan Cranston  
United States Senate  
229 Russell Office Building  
Washington, D. C. 20510

Dear Alan:

I just wanted to express my appreciation for your talk at the Lasker Awards Luncheon. It was certainly the most perceptive, sensitive and eloquent statement of our most important "biological" challenge that I have heard to date. There was not a single remark in it that was wasted, nor one that I could do other than applaud.

Yours sincerely,

Joshua Lederberg
