Professor Joshua Lederberg, President
The Rockefeller University
President's Office
1230 York Avenue
New York, New York 10021

Dear Dr. Lederberg:

I should be very grateful if you would speak at Pediatric Grand Rounds on a topic of your choice. A topic that would be relevant to pediatricians would be the long term genetic effects of the use of nuclear weapons and stock-piling. However, I leave the choice of subject to you.

Pediatric Grand Rounds are held on Wednesday, 8:30-9:30 a.m., in Uris Auditorium. A desirable date would be October 20, but other dates will be available if this is inconvenient. ✓

We would be deeply honored to have you address us.

Cordially,

AUG 20 1982
