VICE-PRESIDENT
RESEARCH AND DEVELOPMENT

October 24, 1978

Dear Josh:

It is clear from the attached letter that, if we can convince the Boland and Proxmire committees, SETI is in!

I suggest we all go to work on these committees, both directly and through our various Congressional representatives and senators. I volunteer to be the clearing house for all ideas on how best to do this.

With best regards,

Bernard M. Oliver
