Dear Prof. Lederberg:

Thank you very much for taking the time to get in touch with me and sharing your views on my bill, S.34, to establish a National Cancer Authority.

It is very helpful to me to receive your thoughts on this matter and to receive your article which appeared in the Washington Post in February of this year. Your comments merit thorough consideration, and I know that they will be of real assistance to me in my work on this subject.

Again, thank you for your interest and for sharing your views with me.

Sincerely,

Edward M. Kennedy, Chairman
Senate Health Subcommittee
