Thank you for your of 7/10.

1) Do you think DeMarne Brow-Robins in 1946? I'll ask him.

2) On the fourth... That's the question! It is maddening that the published volume gives no dates except the picture!

3) Well said! That Army would be invited. To CSH '46 should have been answer to Stent. Robins did, I think, correct well, on his recent Ann NYAS memoir.
