

## 1 "DECLARATION OF POLICY

2 "SEC. 2. The Congress hereby finds and declares that  
3 the growing need for information and education for all our  
4 people and the rapidly expanding body of knowledge make  
5 good libraries essential at all levels of education from ele-  
6 mentary school through adult education in order to provide  
7 maximum opportunity for study and research and to produce  
8 well-informed citizens who are capable of exercising sound  
9 judgment and engaging in profitable employment. The  
10 present deficiencies of public libraries, school libraries, and  
11 college and university libraries are critical. Therefore, a  
12 coordinated program of library development is needed in

3 "STATE PLANS

4 "SEC. 103. (a) To be approved under this section, a  
5 State plan for the further extension of public library services  
6 must—

7 " (1) provide for the administration, or supervision

23 to be followed in using any funds made available for  
24 expenditure under the State plan, which policies and

1 methods the State library administrative agency cer-  
2 tifies will in its judgment assure use of such funds to

5 inadequate services;

6 “(4) provide that the State library administrative

17 “(c) The determination of whether library services are  
18 inadequate in any area within any State shall be made by  
19 the State library administrative agency of such State.

20 “PAYMENTS TO STATES

21 “SEC. 104. (a) From the allotments available therefor  
22 under section 102, the Secretary of the Treasury shall from  
23 time to time pay to each State which has a plan approved  
24 under section 103 an amount computed as provided in sub-

1 section (b) of this section, equal to the Federal share of the  
2 total sums expended by the State and its political subdivisions  
3 under such plan during the period for which such payment  
4 was made, except that no payments shall be made to any  
5 State from its allotment for any fiscal year unless and until  
6 the Commissioner finds that (1) there will be available for  
7 expenditure under the plan from State or local sources during  
8 the fiscal year for which the allotment is made (A) sums  
9 sufficient to enable the State to receive under this section  
10 payments in an amount not less than \$20,000 in the case of  
11 the Virgin Islands, Guam, American Samoa, and the Canal  
12 Zone, and \$80,000 in the case of any other State, and (B)  
13 not less than the total amount actually expended, in the areas  
14 covered by the plan for such year, for public library services  
15 from such sources in the fiscal year ending June 30, 1962,  
16 and (2) there will be available for expenditure for public  
17 library services from State sources during the fiscal year for  
18 which the allotment is made not less than the total amount  
19 actually expended for public library services from such  
20 sources in the fiscal year ending June 30, 1962.

21 “(b) The Commissioner shall from time to time, but  
22 not less often than semiannually, and prior to the period for  
23 which a payment is to be made, estimate the amount, within

1 the balance of the allotments for each State, which may be  
2 necessary to pay the Federal share of the total expenditures  
3 for carrying out the approved State plan for such period.  
4 The Commissioner shall certify to the Secretary of the  
5 Treasury the amount so determined, reduced or increased  
6 as the case may be by the amount by which he finds that his  
7 estimate for any prior period was greater or less than the  
8 amount which should have been paid to the State for such  
9 period. The Secretary of the Treasury shall thereupon,  
10 prior to audit or settlement by the General Accounting Office,  
11 pay to the State, at the time or times fixed by the Com-  
12 missioner, the amount so certified.

13       “(c) The amount of any State’s allotment for any fiscal  
14 year which the Commissioner determines will not be re-  
15 quired for such fiscal year for carrying out the State plan  
16 approved under this title for which such allotment is avail-  
17 able shall be available for reallocation from time to time, on  
18 such dates during such year as the Commissioner may fix, to  
19 other States in proportion to the original allotments to such  
20 States under section 102 for such year, but with such adjust-  
21 ments as may be necessary to prevent reallocation to any  
22 State of any sum in excess of the amount which the Com-  
23 missioner estimates it needs and will be able to use for  
24 such year for carrying out the State plan for which the  
25 amount reallocated would be available. Any amount real-

1 lotted to a State under this paragraph during a year from  
2 funds appropriated pursuant to section 101 shall be deemed  
3 part of its allotment for such year.

4 “(d) For the purposes of this section the ‘Federal  
5 share’ for any State shall be 100 per centum less the State  
6 percentage and the State percentage shall be that percentage  
7 which bears the same ratio to 50 per centum as the per capita  
8 income of such State bears to the per capita income of all  
9 the States (excluding Puerto Rico, the Virgin Islands,  
10 Guam, American Samoa, and the Canal Zone), except that  
11 (1) the Federal share shall in no case be more than 66  
12 per centum or less than 33 per centum, and (2) the Federal  
13 share for Puerto Rico, the Virgin Islands, Guam, American  
14 Samoa, and the Canal Zone shall be 66 per centum.

15 “(e) The Federal share for each State shall be promul-  
16 gated by the Commissioner between July 1 and August 31  
17 of each even-numbered year, on the basis of the average of  
18 the per capita incomes of each of the States and all of the  
19 States (excluding Puerto Rico, the Virgin Islands, Guam,  
20 American Samoa, and the Canal Zone) for the three most  
21 recent consecutive years for which satisfactory data are  
22 available from the Department of Commerce. Such pro-  
23 mulgation shall be conclusive for each of the two fiscal years  
24 in the period beginning July 1 next succeeding such promul-  
25 gation.

1 "TITLE II—LIBRARY PROGRAMS IN PUBLIC  
2 ELEMENTARY AND SECONDARY SCHOOLS

3 "APPROPRIATIONS AUTHORIZED

4 "SEC. 201. There are hereby authorized to be appropri-  
5 ated \$30,000,000 for the fiscal year ending June 30, 1963,  
6 and for each of the four succeeding fiscal years, for making  
7 grants to State educational agencies under this title to assist  
8 them in establishing and maintaining programs of library  
9 service in public elementary and secondary schools, which  
10 will carry out the objectives of this Act as stated in section 2.

11 "ALLOTMENTS TO STATES

12 "SEC. 202. (a) From the sums appropriated pursuant  
13 to section 201 for any fiscal year the Commissioner shall  
14 reserve such amount, but not in excess of 1.6 per centum  
15 thereof, as he may determine for allotment as provided in  
16 subsection (b). From the remainder of such sums the Com-  
17 missioner shall allot to each State an amount which bears  
18 the same ratio to the amount of such remainder as the school-  
19 age population of such State bears to the school-age popula-  
20 tion of all of the States. The amount allotted to any State  
21 under the preceding sentence for any fiscal year which is less  
22 than \$50,000 shall be increased to \$50,000, the total of in-  
23 creases thereby required being derived by proportionately

1 reducing the amount allotted to each of the remaining States  
2 under the preceding sentence, but with such adjustments as  
3 may be necessary to prevent the allotment of any such  
4 remaining State from being thereby reduced to less than  
5 \$50,000.

6 “(b) The amounts reserved by the Commissioner under  
7 subsection (a) shall be allotted by the Commissioner among  
8 Puerto Rico, the Virgin Islands, Guam, American Samoa,  
9 and the Canal Zone, according to their respective needs for  
10 assistance in establishing and maintaining programs of library  
11 service in public elementary and secondary schools.

12 “STATE PLANS

13 “SEC. 203. (a) Any State which desires to receive pay-  
14 ments under this title shall submit to the Commissioner,  
15 through its State educational agency, a State plan which—

16 “(1) provides that the State educational agency  
17 will be the sole agency for administering the plan;

18 “(2) sets forth a program of library service in  
19 public elementary and secondary schools to meet the  
20 library needs of all students and to provide the facilities  
21 and resources for challenging education for superior  
22 students under which funds paid to the State from its  
23 allotment under section 202 will be expended solely for  
24 projects approved by the State educational agency for  
25 (A) acquisition of library materials (printed and audio-

1 visual) and library equipment which are suitable for use  
2 in providing resources for teaching and learning and  
3 which will carry out the objectives of this Act as stated  
4 in section 2, (B) the establishment or improvement of  
5 local school library supervisory services, (C) minor  
6 remodeling of existing space used for library quarters,  
7 (D) the establishment or improvement of library super-  
8 visory services within the State educational agency, and  
9 (E) administration of the State plan;

10 “(3) provides for the establishment of State stand-  
11 ards for public elementary and secondary school libraries;

12 “(4) sets forth principles for determining the  
13 priority of such projects in the State for assistance  
14 under this title and provides for undertaking such  
15 projects, insofar as financial resources available there-  
16 for make possible, in the order determined by the  
17 application of such principles;

18 “(5) provides an opportunity for a hearing before  
19 the State educational agency to any applicant for a  
20 project under this title;

21 “(6) provides that the State educational agency  
22 will make such reports to the Commissioner, in such  
23 form and containing such information, as may be reason-  
24 ably necessary to enable the Commissioner to perform  
25 his duties under this title; and

1           “(7) provides for such fiscal control and fund  
2           accounting procedures as may be necessary to assure  
3           proper disbursement of and accounting for Federal  
4           funds paid to the State under this title.

5           “(b) The Commissioner shall approve any State plan  
6           and any modification thereof which complies with the pro-  
7           visions of subsection (a).

8                               “PAYMENTS TO STATES

9           “SEC. 204. (a) From the allotments available therefor  
10          under section 202, the Secretary of the Treasury shall from  
11          time to time pay to each State which has a plan approved  
12          under section 203 for the fiscal year ending June 30, 1963,  
13          such payments which equal the amount expended in carry-  
14          ing out the State plan, and for the fiscal year ending June  
15          30, 1964, and for each of the three succeeding fiscal years  
16          an amount computed as provided in subsection (b) of this  
17          section, equal to the Federal share of the total sums expended  
18          by the State and its political subdivisions under such plan  
19          during the period for which such payment was made, except  
20          that no payments shall be made to any State from its allot-  
21          ment for any fiscal year unless and until the Commissioner  
22          finds that (1) there will be available for expenditure under  
23          the plan from State or local sources during the fiscal year  
24          for which the allotment is made (A) sums sufficient to  
25          enable the State to receive under this section payments in

1 an amount not less than that allotted to it by the Commis-  
2 sioner in the case of Puerto Rico, the Virgin Islands, Guam,  
3 American Samoa, and the Canal Zone, and \$50,000 in the  
4 case of any other State, and (B) not less than the total  
5 amount actually expended, in the areas covered by the plan  
6 for such year, for programs of library service in public ele-  
7 mentary and secondary schools from such sources in the fiscal  
8 year ending June 30, 1962, and (2) there will be available  
9 for expenditure for programs of library service in public  
10 elementary and secondary schools from State sources during  
11 the fiscal year for which the allotment is made not less than  
12 the total amount actually expended for such programs from  
13 such sources in the fiscal year ending June 30, 1962.

14 “(b) The Commissioner shall from time to time, but  
15 not less often than semiannually, and prior to the period  
16 for which a payment is to be made, estimate the amount,  
17 within the balance of the allotments for each State, which  
18 may be necessary to pay the Federal share of the total ex-  
19 penditures for carrying out the approved State plan for such  
20 period. The Commissioner shall certify to the Secretary of  
21 the Treasury the amount so determined, reduced or increased  
22 as the case may be by the amount by which he finds that his  
23 estimate for any prior period was greater or less than the  
24 amount which should have been paid to the State for such  
25 period. The Secretary of the Treasury shall thereupon,

1 prior to audit or settlement by the General Accounting Office,  
2 pay to the State, at the time or times fixed by the Commis-  
3 sioner, the amount so certified.

4 “(c) The amount of any State’s allotment for any fiscal  
5 year which the Commissioner determines will not be re-  
6 quired for such fiscal year for carrying out the State plan  
7 approved under this title for which such allotment is avail-  
8 able shall be available for reallocation from time to time, on  
9 such dates during such year as the Commissioner may fix,  
10 to other States in proportion to the original allotments to  
11 such States under section 202 for such year, but with such  
12 adjustments as may be necessary to prevent reallocation to  
13 any State of any sum in excess of the amount which the  
14 Commissioner estimates it needs and will be able to use for  
15 such year for carrying out the State plan for which the  
16 amount reallocated would be available. Any amount re-  
17 allotted to a State under this paragraph during a year from  
18 funds appropriated pursuant to section 201 shall be deemed  
19 part of its allotment for such year.

20 “(d) For the purposes of this section the ‘Federal share’  
21 for any State shall be 100 per centum less the State percent-  
22 age and the State percentage shall be that percentage which  
23 bears the same ratio to 50 per centum as the per capita in-  
24 come of such State bears to the per capita income of all the  
25 States (excluding Puerto Rico, the Virgin Islands, Guam,

1 American Samoa, and the Canal Zone), except that (1)  
2 the Federal share shall in no case be more than 66 per  
3 centum or less than 33 per centum, and (2) the Federal  
4 share for Puerto Rico, the Virgin Islands, Guam, American  
5 Samoa, and the Canal Zone shall be 66 per centum.

6 “(e) The Federal share for each State shall be promul-  
7 gated by the Commissioner as soon as possible after the  
8 enactment of this Act, and again between July 1 and August  
9 31 of the year 1963, on the basis of the average of the per  
10 capita incomes of each of the States and all of the States (ex-  
11 cluding Puerto Rico, the Virgin Islands, Guam, American  
12 Samoa, and the Canal Zone) for the three most recent con-  
13 secutive years for which satisfactory data are available from  
14 the Department of Commerce. The first such promulgation  
15 shall be conclusive for each of the two fiscal years in the  
16 period beginning July 1, 1962, and ending June 30, 1964,  
17 and the second shall be conclusive for each of the three fiscal  
18 years in the period beginning July 1, 1964, and ending  
19 June 30, 1967.

20 “WITHHOLDING

21 “SEC. 205. If the Commissioner finds, after reasonable  
22 notice and opportunity for hearing to the State educational  
23 agency administering a State plan approved under this title,  
24 that the State plan has been so changed that it no longer  
25 complies with the requirements of this title, or that in the

1 administration of the plan there is a failure to comply sub-  
2 stantially with the provisions required to be included in the  
3 plan, he shall notify such State educational agency that fur-  
4 ther payments will not be made to the State for carrying out  
5 such plan (or, in his discretion, further payments to the State  
6 will be limited to programs under or portions of the State  
7 plan not affected by such failure), until he is satisfied that  
8 there will no longer be any failure to comply. Until he is  
9 so satisfied, he shall make no further certifications to the  
10 Secretary of the Treasury with respect to such State for  
11 carrying out such plan (or shall limit payments to programs  
12 under or portion of the State plan not affected by such  
13 failure) : *Provided*, That any State or State agency shall be  
14 entitled to judicial review in the United States district court  
15 for the district in which the State or State educational agency  
16 is located of any such withholding determination in accord-  
17 ance with applicable provisions of the Administrative Proce-  
18 dure Act.

25 enable the Commissioner to make grants to institutions of
