EDUCATIONAL IMPROVEMENT GRANTS AND SCHOLARSHIP
GRANTS TO SCHOOLS OF MEDICINE, DENTISTRY, AND
OSTEOPATHY

Sec. 2. (a) Title VII of the Public Health Service Act is amended by adding at the end thereof the following new parts:

"PART E—GRANTS TO IMPROVE THE QUALITY OF SCHOOLS OF MEDICINE, DENTISTRY, AND OSTEOPATHY

"AUTHORIZATION OF APPROPRIATIONS

"Sec. 770. There are authorized to be appropriated $20,000,000 for the fiscal year ending June 30, 1966, and such sums as may be necessary for each of the four succeeding fiscal years, for grants under this part to assist schools of medicine, dentistry, and osteopathy to improve the quality of their educational programs.

"BASIC IMPROVEMENT GRANTS

"Sec. 771. (a) The Surgeon General may make basic improvement grants as follows:

"(1) For the fiscal year ending June 30, 1966, each school of medicine, dentistry, or osteopathy whose application for a basic improvement grant for such year has been approved by the Surgeon General shall be paid the sum of $12,500 plus the product obtained by multiplying $250 by the number of full-time students in such school.

"(2) For each fiscal year in the period beginning
July 1, 1966, and ending June 30, 1970, each such school whose application has been approved for such a grant for such year shall be paid the sum of $25,000 plus the product obtained by multiplying $500 by the number of full-time students in such school.

"(b) For purposes of this part and part F, regulations of the Surgeon General shall include provisions relating to determination of the number of students enrolled in a school, or in a particular year-class in a school, as the case may be, on the basis of estimates, or on the basis of the number of students enrolled in a school, or in a particular year-class in a school, in an earlier year, as the case may be, or on such basis as he deems appropriate for making such determination, and shall include methods of making such determinations when a school or a year-class was not in existence in an earlier year at a school.

“(c) For purposes of this part and part F, the term ‘full-time students’ (whether such term is used by itself or in connection with a particular year-class) means students pursuing a full-time course of study leading to a degree of doctor of medicine, doctor of dentistry or an equivalent degree, or doctor of osteopathy.

"SPECIAL IMPROVEMENT GRANTS

"SEC. 772. From the sums appropriated under section 770 for any fiscal year and not required for making grants
under section 771, the Surgeon General may make an additional grant for such year to any school of medicine, dentistry, or osteopathy which has an approved application thereafter and for which an application has been approved under section 771 if he determines that the applicant needs additional financial assistance in order to strengthen its curriculum or to improve the quality of its education. No grant to any school under this section for any fiscal year may exceed $100,000 for the fiscal year ending June 30, 1966; $200,000 for the fiscal year ending June 30, 1967; $300,000 for the fiscal year ending June 30, 1968; or $400,000 for the fiscal year ending June 30, 1969, or the succeeding fiscal year.

"APPLICATIONS FOR GRANTS"

"Sec. 773. (a) The Surgeon General may from time to time set dates (not earlier than in the fiscal year preceding the year for which a grant is sought) by which applications for basic or special grants under section 771 or 772 for any fiscal year must be filed.

“(b) To be eligible for a grant under this part, the applicant must (1) be a public or other nonprofit school of medicine, dentistry, or osteopathy, and (2) be accredited by a recognized body or bodies approved for such purpose by the Commissioner of Education, except that the requirement of this clause (2) shall be deemed to be satisfied if, (A) in
the case of a school which by reason of no, or an insufficient, period of operation is not, at the time of application for a grant under this part, eligible for such accreditation, the Commissioner finds, after consultation with the appropriate accreditation body or bodies, that there is reasonable assurance that the school will meet the accreditation standards of such body or bodies prior to the beginning of the academic year following the normal graduation date of students who are in their first year of instruction at such school during the fiscal year in which the Surgeon General makes a final determination as to approval of the application, or (B) in the case of any other school, the Commissioner finds after such consultation and after consultation with the Surgeon General that there is reasonable ground to expect that, with the aid of a grant or grants under this part, having regard for the purposes of the grant sought, such school will meet such accreditation standards within a reasonable time.

"(c) The Surgeon General shall not approve or disapprove any application for a grant under this part except after consultation with the National Advisory Council on Medical and Dental Education (established by section 774).

"(d) A grant under this part may be made only if the application therefor is approved by the Surgeon General upon his determination that the application meets the eligi-
bility conditions set forth in subsection (b) of this section, sets forth plans for using the grants which the Surgeon General finds give reasonable promise of strengthening and improving the school's faculty and curriculum, contains such additional information as he may require to make the determinations required of him under this part and such assurances as he may find necessary to carry out the purposes of this part, and provides for such fiscal-control and accounting procedures and reports, and access to the records of grant recipients, as he may require to assure proper disbursement of and accounting for Federal funds paid to the applicant under this part.

"(e) In considering applications for grants under section 772, the Surgeon General shall take into consideration the relative financial need of the applicant for such a grant, the relative effectiveness of the applicant's plan in strengthening and improving its faculty and curriculum and in contributing to an equitable geographical distribution of opportunities for high-quality training of physicians, dentists, and osteopaths; and such other factors as he, after consultation with the National Advisory Council on Medical and Dental Education, may deem relevant."
"NATIONAL ADVISORY COUNCIL ON MEDICAL AND DENTAL EDUCATION

"Sec. 774. (a) There is hereby established in the Public Health Service a National Advisory Council on Medical and Dental Education consisting of the Surgeon General, who shall be Chairman, and twelve members appointed without regard to the civil service laws by the Surgeon General with the approval of the Secretary of Health, Education, and Welfare, and such appointments may be made for specified staggered terms. The appointed members of the Council shall be selected from among leading authorities in the fields of medical and of dental education, respectively, except that not less than three of such members shall be selected from the general public.

"(b) The Council shall advise the Surgeon General in the preparation of general regulations and with respect to policy matters arising in the administration of this part and part F, and in the review of applications under this part.

"(c) The Surgeon General is authorized to use the services of any member or members of the Council in connection with matters related to the administration of this part
or part F, for such periods, in addition to conference periods, as he may determine.

"(d) Appointed members of the Council, while attending conferences or meetings of the Council or while otherwise serving at the request of the Surgeon General, shall be entitled to receive compensation at rates to be fixed by the Secretary but not exceeding $100 per day, including travel time; and while away from their homes or regular places of business they may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5 of the Administrative Expenses Act of 1946 (5 U.S.C. 73b–2) for persons in the Government service employed intermittently.

"(b) The amount of the grant under subsection (a) to each such school shall be equal to $2,000 multiplied, (1) for the fiscal year ending June 30, 1966, by one-tenth of the number of full-time first-year students of such school;

For the fiscal year ending June 30, 1971, and for each of the two succeeding fiscal years, the grant under subsection (a) shall be such amount as may be necessary to enable such school to continue making payments under scholarship awards to students who initially received such awards out of grants made to the school for fiscal years ending prior to July 1, 1970.

"(e) (1) Scholarships may be awarded by schools from grants under subsection (a)—

"(A) only to individuals who have been accepted by them for enrollment as full-time first-year students, in the case of awards from such grants for the fiscal year ending June 30, 1966;

“(2) Scholarships from grants under subsection (a) for any school year shall be awarded to students, particularly students from low-income families, on the basis of need for financial assistance in pursuing a course of study at the school for such year. Any such scholarship awarded for a school year shall cover such portion of the student’s tuition, fees, books, equipment, and living expenses at the school making the award, but not to exceed $2,500 for any year, as such
school may determine the student needs for such year on the basis of his requirements and financial resources.

"(d) Grants under subsection (a) shall be made in accordance with regulations prescribed after consultation with the National Advisory Council on Medical and Dental Education.

"(e) Grants under subsection (a) may be paid in advance or by way of reimbursement, and at such intervals as the Surgeon General may find necessary; and with appropriate adjustments on account of overpayments or underpayments previously made."
