Selected Bibliography OF REGIONAL MEDICAL PROGRAMS

Revised January 1972

U.S. DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Public Health Service

Health Services and Mental Health Administration

Regional Medical Programs Service

PREFACE

This third revision of the Selected Bibliography of Regional Medical Programs has been prepared by the Office of Communications and Public Information of the Regional Medical Programs Service from listings submitted by the Regional Medical Programs. It incorporates a number of new publications dealing with Regional Medical Program activities, but, as the title indicates, only selected materials are listed.

Because of space limitations, no newspaper articles, with the exception of selected trade publication articles, are included in this edition. Some format changes have been made, and a simple index has been added to facilitate searches for particular subject matter materials.

The index does not attempt to catalogue all listed publications. For example, general information materials on an RMP are not indexed. In many cases, the subject matter of a publication had to be determined from title alone, since the actual publication was not available, and this will be reflected in the indexing.

We regret these limitations, but trust the Bibliography will be of value to the individual Regions and to those groups and organizations who are interested in the work of the Regional Medical Programs.

ALABAMA REGIONAL MEDICAL PROGRAM

Published by Program

"ARMP - 1970-1971" (22-page booklet). Summarizes past and projected Alabama Regional Medical Program activities.

"Better Service for Patients" (1-fold brochure). Outlines patient-oriented projects of the Alabama Regional Medical Program.

"Continuing Medical Education" (2-fold brochure). Outlines Alabama Regional Medical Program projects in this area and lists audiovisuals available.

"Core Staff Directory" (4-page booklet). Listing of Core Staff and Committee Chairmen of the Alabama Regional Medical Program.

"Community Resources Directory - 1971" (132 pages). Published jointly with the Community Service Council, Inc. A resource guide to health, welfare, recreation, financing and planning services offered by various organizations in the seven Central Alabama counties.

"Help!" (3-fold brochure). Introduces the Alabama Regional Medical Program.

"Manpower Development" (2-fold brochure). Brief outline of what Alabama Regional Medical Program has accomplished in this area.

"Proceedings of: Alabama Regional Medical Programs - Comprehensive Health Planning Agencies Relationship Workshop, January 8, 1971, Birmingham, Alabama" (43 pages). An edited dialogue pointing out the compatibilities of these organizations in Alabama.

"Proceedings of: Manpower Conference, February 10-12, 1971, Birmingham, Alabama" (203 pages). Sponsored by the Advisory Committee on Allied Health of the Alabama Regional Medical Program and the Alabama and Southeastern Regional Medical Programs. Includes edited speeches.

Published Nationally and Locally

"Alabama Blindness Prevention Program," Optical Journal and Review of Optometry. September 15, 1971.

"A Telephone Service to Aid Alabama M.D.s" Medical Tribune. September 11, 1969.

Finney, J. O., M.D., "On The Regional Medical Programs and our Profession in Alabama," Journal of the Medical Association of the State of Alabama, Vol. 36, No. 9, pages 1015-1016. March 1967.

Jasper, Emogene W., "Health Manpower Conference," The Alabama Nurse, Vol. 25, No. 1, pages 9-10. March 1971.

Lee, Martha, "What's Going On At ARMP," The Alabama Nurse, Vol. 24, No. 4, page 27. December 1970.

Packard, John M., M.D., "Regional Medical Programs: Alabama," Postgraduate Medicine, Vol. 49, No. 2, pages 235-238. February 1971.

Plowden, Moultrie D., "Cooperation is Vital," Southern Hospitals. October 1969.

"Regional Medical Programs - Heart Disease, Cancer and Stroke," The Medical Association for the State of Alabama Handbook for Counsellors and Delegates, Called Meeting 1968, pages 21-24.

"UAB Funds to Combat Blindness," Optometric Weekly. August 19, 1971. Alabama Regional Medical Program funds intensive blindness prevention program through the University of Alabama at Birmingham.

ALBANY REGIONAL MEDICAL PROGRAM

Published by Program

"Albany Regional Medical Program Report" (newsletter). Published bi-monthly; first issue: September-October 1968.

"Analysis of Questionnaires Completed by Dentists Participating in Two Pilot Two-Way Radio Conferences" (21-page mimeographed report).

"ARMP: What's It all About?" (2-fold leaflet). Basic information on the Albany Regional Medical Program and brief description of several projects.

"Community Hospital Learning Center - A Project of the Albany Regional Medical Program" (44-page booklet). Published 1970. Catalogue describes educational materials prepared by Albany Program for the Community Hospital Learning Centers. Includes list of slides and cartridge motion pictures.

"The Albany Regional Medical Program" (24-page booklet). Identifies Albany Region, gives history, description of operational projects and list of advisors and consultants.

"The Albany Regional Medical Program" (5-fold leaflet). The purpose of the Albany Regional Medical Program and descriptions of five of its ongoing projects.

Published Nationally and Locally

"ACP Prepares Extension Programs for 1971-72," MidAtlantic Apothecary. August/September 1971.

"Albany Regional Medical Program Links Three States," Medical Tribune. February 12, 1968.

Fyles, Mary, R.N., "Two-way Radio - Tool for Continuing Education," New York State Nurse, Vol. 41, No. 1, pages 3-6. January 1969.

Woolsey, Frank M., Jr., M.D., "Initial Operational Activities of the Albany Regional Medical Program," The Journal of Medical Education, Vol. 43, No. 10, pages 1041-1048. October 1968.

ARIZONA REGIONAL MEDICAL PROGRAM

Published by Program

"ARMP - What It Is and What It Does" (2-fold leaflet). Introduces Arizona Regional Medical Program and its functions, and lists Regional Advisory Group.

"News - Arizona Regional Medical Program" (newsletter). First issue: January 1969.

Published Nationally and Locally

"Continuing Education Councils Planned," Arizona Nurse. January 1971.

DuVal, Merlin K., M.D., "Bridging the Gap," Arizona's Health, Vol. 2, No. 1. June-July 1967.

"History and Purposes of the Arizona Regional Medical Program," Arizona Medicine, Vol. 25, No. 12. December 1968.

Knapp, Margaret, R.N., "Regional Medical Programs in Arizona," Arizona Nurse, Vol. 21, No. 3, pages 25-26. May-June 1968.

Knapp, Margaret, R.N., "2,526 Arizona Nurses Spoke Up!" Arizona Nurse, Vol. 22, No. 1. June-July 1969.

Melick, D. W., M.D., "The Arizona Regional Medical Program and You," Pima County Medical Society Sombrero, page 14. July 1969.

Melick, D. W., M.D., "The Present and Future Arizona Regional Medical Program," Arizona Medicine. May 1970.

Ord, Betty R., R.N., "No Slogans for the '70's," Arizona Nurse, March-April 1970.

"Pediatric Nurse Associate Program," Prescription (Samaritan Health Service). March 1971.

"Professional Education Made Easy," The Sword (Arizona Division, American Cancer Society). March 1971.

"Regional Medical Programs - Part I," Arizona Medicine, Vol. 24, No. 10. October 1967.

"Regional Medical Programs - Part II," Arizona Medicine, Vol. 24, No. 11. November 1967.

Riggs, Lew, "ARMP: The Odd Little Organization That Works... and Works," Rapport, Summer 1971.

"Survey of State-Wide Health Needs," Arizona Pharmacist. March 1969.

Wolanin, M. O., R.N., "Nursing Component in Arizona Regional Medical Program," Arizona Nurse, Vol. 21, No. 5. November-December 1968.

ARKANSAS REGIONAL MEDICAL PROGRAM

Published by Program

"Arkansas Regional Medical Program" (2-fold leaflet). Basic information on the origin and objectives of the Arkansas Regional Medical Program, as well as a listing of staff and Regional Advisory Group.

ARMP Packet containing: Cover letter (instructions on use of packet); list of 314(b) agencies, their counties and directors; project format for preparation of proposals with instructions on how to develop each section; copy of technical review form; copy of Regional Advisory Group review form with goals and objectives.

"Arkansas Registers Medical Progress." Information (including maps) on Arkansas Regional Medical Program's statewide activities and concern with health care delivery.

"Nexus" (newsletter). Published monthly. First newsletter, then entitled "ARMP News," published October 1967.

"Regional Hospital Medical Library Program" (2-fold leaflet). Describes the library service, workshops and consultant service of the University of Arkansas Medical Center Library.

"10 Initial Projects of the Arkansas Regional Medical Program" (2-fold leaflet). Project summaries and background of the Arkansas Regional Medical Program.

BI-STATE REGIONAL MEDICAL PROGRAM

Published by Program

"Bi-State Beat." Bi-monthly newsletter; first issue: February 15, 1969.

"Bi-State Capsules" (newsletter). Published between "Bi-State Beat" publication dates; first issue: November 15, 1971.

"Bi-State RMP Manpower and Facilities Profile." Unpublished study of health career needs and training facilities in eastern Missouri and southern Illinois. 1968.

"Health Status of Low-Income Families in Urban Areas." Unpublished planning study done in cooperation with the Medical Care Research Center, Washington University (St. Louis). 1969.

"Heart Disease in the Bi-State Region." Unpublished compilation of statistical and demographic data on the prevalence on heart disease. March 1971.

"Hospital Directory." A compilation of data, such as size, facilities and administrative staff on 181 hospitals in eastern Missouri and southern Illinois. Updated annually. (Unpublished).

"Library Activities of Regional Medical Programs" (29-page booklet). Summary of library projects listed by Regional Medical Programs.

"Medical Library Network Informational Guide" (8-page booklet). Instructions for participants of the medical library network. March 1971.

"Mortality Statistics." Annual statistics for heart disease, cancer and stroke in the Bi-State Regional Medical Program area. Includes population, deaths, percentage of total deaths for the three diseases and death rate per 100,000 population. Updated annually. (Unpublished).

"Opportunities in Health Careers 1970-1971" (69 pages). Directory of educational facilities in Missouri and Illinois offering training in the allied health professions.

"Proceedings of the Heart Disease Planning Committee, Fordyce House, March 1971" (18 pages). Report on coordination of efforts to reduce the heart disease death toll. (Unpublished).

"Syllabus on Journals in Hospital Libraries" (37 pages). Outline of necessary medical library information to be presented in library workshops. 1968.

"Use of Physician Assistants." Consultation report on physician assistant usage in Good Samaritan Hospital, Mt. Vernon, Illinois. December 1970. (Unpublished).

"What It's All About." Brochure explaining goals, strategy, procedures for grant submission.

Published Nationally and Locally

"Bi-State Regional Medical Program," St. Louis County Medical Society Bulletin, November 18, 1968.

"Bi-State Regional Medical Program," Quincy (Illinois) Medical Bulletin. December 1969.

"Bi-State RMP Projects Advance," St. Louis Medicine. September 24, 1969.

"Dr. Stoneman Discusses Regional Medical Planning," Barnes Hospital Bulletin, St. Louis, Missouri. November 13, 1968.

"Funding the Bi-State RMP," St. Louis Medicine. November 1969.

INDIANA REGIONAL MEDICAL PROGRAM

Published by Program

"A Health Data Base to Identify Health Deficits in the State of Indiana, " (176 pages). Prepared for Indiana Regional Medical Program July 1, 1971, by Indiana Hospital Services, Inc., Management Engineering Staff.

"An Analysis of Indiana Death Rates from 1940-1968 for IRMP Planning Purposes." This report is designed to aid in planning and shows death rates of selected diseases and trends in these rates during the period 1940-1968, productive years lost by deaths in Indiana, and predictions of future death rates.

"A Report on Selected Special Services in General Hospitals in the Indiana Region." A report to the Regional Advisory Group, 1969, by the Regional Characteristics and Manpower Committee, Indiana Regional Medical Programs.

"Continuous Data Monitoring Methods in a Coronary Care Unit." By Gene Lovelace, Research Computation Center Report, Indiana University-Purdue University at Indianapolis, September 11, 1970. A report of work supported, in part, by the Indiana Regional Medical Program Project, "Development of a Network of Coronary Care Units throughout the State of Indiana."

"Coronary Care Committee, Indiana Regional Medical Program" (3-fold leaflet). Describes services of the Committee and its operational project, "Establishment of a Network of Coronary Care Units throughout the State of Indiana,"

"Current Status of Indiana Regional Medical Program, May 15, 1971" (4 mimeographed pages). By G. F. Leamson, Indiana Regional Medical Program.

"District Advisor's Newsletter" (periodic newsletter from the Regional Cancer Coordinator, Indiana Regional Medical Program). First issue: June 12, 1969.

"Estimated Diseases Within Indiana Nursing Homes." A Regional Characteristics Committee Report, published February 1971. Study breaks down nursing home care into four types and utilizes diagnoses, population patterns, and Medicare statistics to derive estimated diagnoses, estimated days of care, and estimated bed and manpower requirements.

"Flanner House Multiphasic Project." By Sharon M. Smith, Research Computation Center Report 71-1, June 7, 1971, Indiana University - Purdue University at Indianapolis. A report of work supported, in part, by Indiana Regional Medical Program.

"Guidelines for Proposed Projects - IRMP" (14-page booklet, revised November 15, 1969). Guidelines designed to assist participating groups, organizations and institutions in formulating operational grant requests for projects to be supported through Indiana Regional Medical Program.

"Health Facility Region XI and Clark County - A Special Report." Published in 1970 by the Regional Characteristics Committee, Indiana Regional Medical Program, the report provides an in-depth study of 30 different health related data categories pertaining to the Clark County - Region XI area.

"Indiana Regional Medical Program LINK" (newsletter). First issue: January 1968.

"Interim Report on the 'Coronary Care Project.'" By Larry R. Jasper, Research Computation Center Report 71-2, April 12, 1971, Indiana University and Purdue University at Indianapolis. A report of work supported, in part, by Indiana Regional Medical Program.

"IRMP Regional Characteristics Committee - 1970 Report" (2 volumes). Report lists health data and conclusions for the State as a whole and for each of the 14 economic regions.

"Multi-Phasic Screening Interim Report" (33-page booklet). April 1969. By H. Feigenbaun, M.D., and R. Defrantz.

"North Clark County Health Study Group - An Internal Report" (10 pages plus appendices). July 12, 1971. By John B. White, Indiana Regional Medical Program. Describes history of the formation of the North Clark County Health Study Group; information on survey of local residents conducted in that area.

"Preliminary Report of the North Clark County Survey" (8 pages). August 12, 1971. By John Svaan, Ph.D. Overview of data available from the North Clark County Health Survey, including samples of available data and samples of comparisons which can be made from two or more of the variables. Report's purpose is to show how the survey data can be used to greatest value.

"Postgraduate Courses, Workshops and Seminars for Health Professionals Sponsored and Co-Sponsored by Indiana Regional Medical Program" (series of 4-, 6-, and 8-page folders). Content areas are: Categorical Diseases, Rehabilitation, Community Planning, Rural Health Care, Training for Supervisors of Volunteers.

"Providing the Link Between Medical Research and the Patient's Bedside in the Fight Against Heart Disease, Cancer, Stroke and Related Diseases" (3-fold leaflet). April 1969. History of the Regional Medical Program, origin of the Indiana Regional Medical Program, description of Regional Advisory Group and central staff, projects and program, how to submit new applications, and types of projects considered.

"Report to the Regional Characteristics Committee - Indiana Regional Medical Program, Preliminary Draft" (92-page report plus appendices). Outlines the natural boundaries of the Indiana Region, discusses the distribution of and the need for additional hospital and special diagnostic and therapeutic facilities in the Region, and looks at the supply of and need for physicians, nurses, and allied health personnel in various specialty categories.

"Survey of General Practitioners - Report" (7 pages). Developed by John Svaan, Ph.D., of the Indiana Regional Medical Program Staff, report describes the results of a survey of Indiana General Practitioners, including perceptions of health deficits, priority ratings for health needs, high incidence diagnoses, and patients treated by diagnosis.

"Target Topics for Nursing Care: Stroke" (Quarterly newsletter of the Nursing Section, Indiana Regional Stroke Program, an operational project of Indiana Regional Medical Program). First issue: November 1969.

"The Chronically Ill and Aged in Indianapolis: A Descriptive Survey of Facilities and Patients" (62-page book, plus appendices). Published by Community Service Council of Metropolitan Indianapolis, Inc., with staffing and financial support from the Regional Characteristics and Medical Resources Committee of Indiana Regional Medical Program. September 1969.

Published Nationally and Locally

Clowes, L.H., "Continuing Education for Nursing - Indiana Regional Medical Program," The Indiana Nurse, pages 4-12. December 1968. Gives brief outline of history and accomplishments of Indiana Regional Medical Program, with emphasis on occupational therapy aspects.

INTERMOUNTAIN REGIONAL MEDICAL PROGRAM

Published by Program

"A Guide for Coronary Care Training for Physicians and Nurses" (36-page pamphlet). By C. H. Castle, M.D. A general approach to how to teach coronary care and how to tell when it has been learned.

"A Neurology Traineeship for Intermountain Physicians" (1-fold leaflet). Description of a tailor-made Neurology Traineeship for physicians developed by the Intermountain Regional Medical Program in cooperation with the Department of Neurology, University of Utah College of Medicine.

"Clinical Cardiology Trainee Program" (1-fold leaflet). Description of the Intermountain Clinical Cardiology Trainee Program.

"Colloquim of the Air Series - Hearings on Issues and Trends in Medical Care" (12-pages). A listing of nine panel discussions, panelists, date of taping and broadcast, and tuning time; information on use of series and availability.

"Colloquium of the Air Series - 1969. Hearings on Issues and Trends in Medical Care" (145-page book). Edited by Mitchell Schorow. Contains edited panel discussions originally taped and broadcast over Salt Lake City TV. Contents: (1) Can health services be improved through research?; (2) Medical Records: How can they contribute to clinical judgement? (3) The poor and the medical establishment: an indictment of the system or of individual commitment? (4) Health costs, care continuity, and comprehensiveness; public demands and political ferment; (5) Conflicting patient and physician perceptions of what constitutes adequate medical care; (6) Health manpower needs: A shortage problem or a utilization problem? (7) The health team: A group with no captain; (8) Routine vs. priority procedures: Challenging the medical checkup.

"Dial Access Library" (2-fold leaflet). Description of the Dial Access Tape Library and listing of available tapes.

"Education Planning and Evaluation to Improve Medical Care" (15 pages). September 1970. (Second edition). Goals, projects and evaluation.

"Endocrine - Regional Endocrine Program Directory of Laboratory Tests" (11-page pamphlet). Listing of laboratory determinations available through the Regional Endocrine Program. Some of the indications for usage as well as methods of collection and transportation of specimens are provided.

"Information Service in Stroke" (1-fold leaflet). Describes Service which makes available to practicing physicians current medical literature in stroke.

"Intermountain Regional Medical Program" (24-page booklet). Describes the needs to which the Program is addressing itself, profiles Region; describes projects; lists staff and Advisory Group members.

"Intermountain Regional Medical Program" (2-fold leaflet). Describes Region, health problems, resources program planning and operational activities.

"IRMP Reporter" (newsletter). Published monthly; first issue: June 1967.

"Nursing in the Coronary Care Unit" (2-fold leaflet). Describes courses for selected Registered Nurses and Licensed Practical Nurses who will be working in Coronary Care Units.

"Pilot Projects of the Intermountain RMP" (12-page pamphlet). Description of planning for the Intermountain Regional Medical Program and brief descriptions of pilot projects funded in April 1967.

"Regional Advisory Group Handbook - Intermountain Regional Medical Program" (20-page booklet). Lists Bylaws, pilot projects, and members of the Regional Advisory Group.

"Regional Cerebrovascular Disease Unit" (5-page leaflet). Describes goals and facilities of Regional Cerebrovascular Disease Unit.

"Respiratory Therapy - Equipment and Techniques" (1-fold leaflet). Information concerning a five-and-a-half day seminar relating to practical aspects in administration of effective respiratory therapy sponsored by the Intermountain Regional Medical Program.

"Rocky Mountain States Cooperative Tumor Registry" (2-fold leaflet). Description of philosophy and operation of the Registry.

"The IRMP Staff Handbook" (28-page booklet). Pictures and titles of personnel, and organization chart.

"Visiting Consultation - Teaching Clinics in Cardiology for Smaller Communities" (2-fold leaflet). Description of an Intermountain project designed to test whether an interchange of views between the consultant and the referring physician - with the consultation held in the referring physician's own area - will enhance the ability of both to provide their patients better cardiovascular care.

"Visiting Stroke Clinic" (1-fold leaflet). Description of the "Visiting Teaching and Consultant Clinic" pilot project.

LOUISIANA REGIONAL MEDICAL PROGRAM

Published by Program

"Establishment of a Tumor Registry System for Louisiana: Proposals on Objectives, Capabilities, and Structure," (38-page booklet). June 1970. By C. Dennis Fink. Survey to obtain suggestions on how registry system should be designed and what services it might provide.

"The Availability and Distribution of Health Personnel in Louisiana" (30-page booklet). By Carl F. Baty, Virginia P. Steelman, and Alvin L. Bertrand. Text and tables showing availability and distribution of nine types of health personnel in Louisiana.

Published Nationally and Locally

"Some of the Heart Associations That Have Been Active in Planning Stages - Louisiana," Heart and Torch (American Heart Association), Vol. 15, No. 3, page 6. Fall 1967.

MAINE REGIONAL MEDICAL PROGRAM

Published by Program

"Allied Health Personnel Survey of Maine Hospitals, January 1970" (124 pages). Introduction, outline of survey questions, preliminary conclusions, summary sheets for four hospital-size categories.

"A Year of Transition - Annual Report of Maine's Regional Medical Program - May 1, 1969 - April 30, 1970" (15 pages). Lists operational projects and other activities and pending grant applications; lists published studies and reports.

"Annual Report to Corporators of Medical Care Development, Inc., Progress During the Current Year" (12-page booklet; 9 pages of exhibits). August 1, 1967 - April 20, 1968. Narrative report of progress during the year, planning activities proposed for coming year.

"Availability, Accessibility, and Utilization of Selected Medical Services: A Study of American Indians in Maine. Some Preliminary Findings" (59 pages). September 1969.

"Availability, Accessibility, and Utilization of Selected Medical Services: A Study of a Rural Community in Maine (Jackman). Supplement to February 1970 Report" (38 pages). March 1970.

"Availability, Accessibility, and Utilization of Selected Medical Services: A Study of a Rural Community in Maine (Jackman). Some Preliminary Findings" (65 pages). February 1970.

"Availability, Accessibility and Utilization of Selected Medical Services: A Study of Low Income Families. Some Preliminary Findings" (96 pages). February 1970.

"Availability, Accessibility, and Utilization of Selected Medical Services: A Study of Fifteen Rural Communities in Maine. Some Preliminary Findings" (65 pages). January 1970.

"Emphasis: The Patient - Maine's Regional Medical Program" (16-page booklet). April 1969. Background, description of pending and operational projects, telecommunications and data processing, listing of staff and project directors.

"Maine Reminder" (calendar). A calendar of continuing medical education programs; published monthly; first issue: February 1969. Directed to physicians and allied health professionals.

"Maine's Regional Medical Program" (newsletter). Published bimonthly; first issue: October 1967.

"Maine Regional Medical Program Hospital Coordinators Newsletter" (newsletter). Published bimonthly; first issue: November 1968.

"Maine's Regional Medical Program Regional Advisory Group Newsletter" (newsletter). First issue: February 1969.

"Maine's Regional Medical Program - Research, Continuing Medical Education and Professional Training" (2-fold leaflet). History of PL 89-239 and the Maine program; challenge and objectives of the program; possible projected activities.

Published Nationally and Locally

MARYLAND REGIONAL MEDICAL PROGRAM

Published by Program

"A Survey of Professional Liability Incidence in Maryland" (65 pages). June 1971. Survey by Friends Medical Science Research Center Inc. Funded by the Medical and Chirurgical Faculty of the State of Maryland and supported in part by Maryland Blue Shield, Inc. and Maryland Regional Medical Program. Results of a survey of professional liability.

"Catalogue - Video Tapes, Audio Tapes, Second Monday Series" (35 pages). By Henry R. Herbert, Jr., M.D., M.P.H. 1971.

"Guidelines of Maryland Regional Medical Program" (41 pages). Revised July, 1971. Goals and objectives, program and project priorities, the process of regionalization, coordination with other health agencies, submission of preliminary proposal, preparation and submission of project applications, review process, appeals procedure, progress reports, financial requirement, and instructions.

"Health Careers - A Guide to Health-Related Educational and Training Programs in Maryland" (55-pages). 1971. By the Maryland Hospital Education and Research Foundation, Inc. Health Career descriptions; programs offered; health related programs offered in high schools and vocational technical centers; scholarships, grants, and loans listed by health profession; addresses of professional health organizations in Maryland.

"Health Profile of the Maryland Region Number 1. General Data - A report of the Epidemiology and Statistics Center, July 1971" (94 pages). Population characteristics; births and infant deaths; mortality by various diseases; morbidity; hospital facilities; nursing homes and related facilities; other health resources; health manpower.

"Health Profile of the Maryland Region Number 2. Cooperative Arrangements Among Hospitals - A Report of the Epidemiology and Statistics Center, September 1971" (13 pages). An inventory of formal cooperative arrangements divided into such categories as medical education for residents, training of medical students, clinical experience for associate degree nurse training, clinical experience for student practical nurses, joint arrangement for management education, miscellaneous educational agreements, transfer agreements with extended care facilities, other cooperative arrangements.

"Horizons" (newsletter). Published every second month.

"New Directions in Vocational Rehabilitation: The Stroke Patient" (93 pages). 1971. By the Department of Rehabilitation Medicine, Sinai Hospital of Baltimore. (The Sinai Vocational Rehabilitation Program is a project of the Maryland Regional Medical Program). Proceedings of a Vocational Seminar. Primary objective of the Seminar was to demonstrate that stroke patients have vocational potential, to emphasize the need for a team method in rehabilitating the stroke patient, and to explore the multiplicity of disciplines needed in the treatment of such disabled patients.

"Report - Dialysis and Transplantation Committee of the Kidney Foundation of Maryland" (63 pages). 1971. Background information; description of activities; reports of subcommittees; Regional Medical Program policy on kidney disease activities; guidelines for planning a comprehensive or regional kidney disease program. (Supported by the Maryland Regional Medical Program and the Kidney Foundation of Maryland.

Published Nationally and Locally

Louis P. Hellman, Sc.D., "Cancer Facilities in the Maryland Region," Maryland State Medical Journal, pages 57-63. April 1970. Manpower and facilities survey of shortstay non-federal general hospitals in the Maryland region. Data collected from 37 hospitals includes information on diagnostic and therapeutic facilities for cancer.

MEMPHIS REGIONAL MEDICAL PROGRAM

Published by Program

"Biopsy Lab" (1-fold leaflet). About the Gastrointestinal Mucosal Suction Biopsy Laboratory, a project of the Memphis Regional Medical Program.

"Coronary Care" (1-fold leaflet). Information on the Coronary Care Unit, Jonesboro, Arkansas.

"Current" (newsletter). Published quarterly.

"Directory - Health and Welfare Services - 1970" (152 pages). Joint publication of Memphis Regional Medical Program and the Health and Welfare Planning Council of Memphis and Shelby County. Includes services provided in three counties in three States.

"Health Care in the 1980's" (28-page booklet). Proceedings of a symposium at the annual meeting of the Mid-South Medical Center Council, the Regional Advisory Group for Memphis Regional Medical Program.

"Look Who's Coming to Work for You" (20-page booklet). A directory of Memphis Regional Medical Program Staff with a prefacing statement of national and regional RMP goals and an explanation of each professional staff's role in the program.

"Skin Cancer" (1-fold leaflet). Concerns the regional skin cancer project.

"Stroke" (1-fold leaflet). Information on the Memphis Regional Medical Program Stroke Center.

"The University of Tennessee Medical Units and the Memphis Medical Center." A booklet which explains the role of Memphis Regional Medical Program in the Medical Center as a regional referral center.

Published Nationally and Locally

MOUNTAIN STATES REGIONAL MEDICAL PROGRAM

Published by Program

"A Category System for Evaluating Continuing Education Programs." Paper presented by C. E. Smith, Ph.D., at the National Conference of the Adult Education Association of the U.S.A., Atlanta, Georgia, October 1970.

"A Symposium on Continuing Medical Education in Montana" (18-page booklet). January 1969. Includes summaries of speeches; general remarks on two discussion sessions.

"Detailed Characteristics of Registered Nurses and Licensed Practical Nurses in Wyoming" (102-page booklet). April 1968.

"Evaluation of Coronary Care Nurse Training, A Colloquium for Teachers of Coronary Care Nursing" (30 pages). September 22, 1970. Mountain States Regional Medical Program Coronary Care Training Program, Missoula, Montana, June 18-20, 1970.

"Field Staff Professional Activities, 1968-69" (26-page booklet). Lists activities by speeches, participation in other meetings and conferences, other professional activities and publications.

"Health Careers in Idaho" (20-page booklet). Lists health careers for which complete or partial training is provided within the education system in Idaho.

Following are publications assessing one part of health resources for each State in the Mountain States Regional Medical Program. Each contains in-depth information concerning health manpower, health facilities and health vital statistics and selected social and economic information. July 1969:

"Health Profile - Idaho" (367 pages)

"Health Profile - Montana" (422 pages)

"Health Profile - Nevada" (199 pages)

"Health Profile - Wyoming" (196 pages)

"Health Profile - Wyoming, Updated Supplement, January 1971."

"Health Sciences Information Network, An Information Reference Service for Health Professionals," Wyoming Subregion.

"Idaho's Nurse Practitioner - A Pilot Project to Improve Rural Health Care" (2-fold leaflet). Outlines nurse practitioner pilot program, including functions of the practitioner, salary and fees, professional and legal status, and liability insurance.

"Initial Analysis of Health Professional Survey: Mountain States Regional Medical Program" (82-page booklet). September 16, 1968. Regional overview of the survey conducted by the Mountain States Regional Medical Program.

"Learning How to Learn - Know-Why and Know-How Seminar on the Process of Continuing Education" (117 pages). February 12-14, 1970. D.L. Erickson and M. Nichols, Editors.

"Library Service - Health Sciences Information Network - An information reference service for health professionals" (3-fold brochure). Explains information-reference services provided, and provides directory of county librarians and coordinators.

"MARS: Medical Audiovisual Reference Service of the University of Wyoming." Sponsored by Wyoming Subregion.

"Medical Library Service for All Idaho Health Personnel" (brochure).

"Montana Dentists Survey - A Summary of Results for Selected Questions" (15-page booklet). February 1969.

"Montana Hospital and Nursing Home Administrators Survey - A Summary of Results for Selected Questions" (11-page booklet). February 1969.

"Montana Licensed Practical Nurses Survey - A Summary of Results for Selected Questions" (10-page booklet). February 1969.

"Montana Medical Technologists Survey - A Summary of Results for Selected Questions" (20-page booklet). February 1969.

"Montana Physical Therapists Survey - A Summary of Results for Selected Questions" (10-page booklet). February 1969.

"Montana Physicians Survey - A Summary of Results for Selected Questions" (15-page booklet). February 1969.

"Montana Radiologic Technologists Survey - A Summary of Results for Selected Questions" (10-page booklet). February 1969.

"Montana Registered Nurses Survey - A Summary of Results for Selected Questions" (14-page booklet). February 1969.

"Mountain States Regional Medical Program Catalyst" (newsletter). Published monthly; first issue; February 1968.

"Mountain States Regional Medical Program - Meeting the Challenge of Change in Health Care" (12-page booklet). Brief history of the Mountain States program, summary of major projects, and list of members of the Regional Advisory Group.

"Mountain States Tumor Institute" (8-page booklet). Describes history of Institute which is partially funded by Mountain States, and its purpose: to diagnose, treat, develop research, and to educate in all types of cancer.

"MSTI - Mountain States Tumor Institute Services and Facilities" (8-page brochure). Describes services and facilities.

"Nursing in Idaho - A Study of Nursing Needs and Resources" (86-page booklet). January 1969.

"Proceedings of Regional Conference on the Expanded Role of the Nurse - May 18, 1971, Boise, Idaho" (60-page booklet). Includes full texts of major speeches, the panel presentations and brief reports of the Action Groups.

"Question by Question Tally of Montana Consumer Survey" (38-page booklet). February 1969.

"Regional Medical Programs and the Voluntary Health Agencies." Paper presented by Alfred M. Popma, M.D., Director, Mountain States Regional Medical Program, before the American Medical Association's Third National Voluntary Health Conference, Washington, D.C., May 7-8, 1970.

"Report of A Survey of Consumers of Health Care" (120 pages). May 1969. Data obtained from survey of consumers of health and medical services in the four-State Mountain States Regional Medical Program and analysis of responses.

"Report of a Survey on Continuing Education Needs for Health Professionals" (396 pages). June 1969. Data obtained through survey of health professionals concerning their stated needs for continuing education; preferred solutions to these needs; their assessment of availability of different types of educational programs and evaluation of their need; assessment, in selected areas, of the quality of services provided to the patient and his community; some indication of the extent and conditions under which the physicians and dentists refer patients outside their community for medical care.

"Report of Planning, Nevada Portion Mountain States Regional Medical Programs" (65 pages). Compiled by the Nevada Mountain States Regional Medical Program Staff. October 1968.

"Student-Counselor Health Careers Guidebook" (137 pages, loose-leaf book). September 1971. Prepared for high school counselors, this guidebook is an initial, single source reference for both counselor and student in seeking information in health careers. Includes lists of audio-visuals, descriptions of health careers, career information sources, scholarships, loans, resource people.

"Survey of Wyoming Ambulance Service" (16-page booklet). August 1968.

"Survey of Wyoming Medical Record Librarians" (23-page booklet). August 1968.

"The American Cancer Society's Highroad." Paper presented by Alfred M. Popma, M.D., to the Nebraska Division, American Cancer Society, October 5, 1968.

"The Use of Surveys in Program Development." Paper presented by Alfred M. Popma, M.D., at annual meeting of Coordinators of American Medical Colleges, October 30, 1969, Cincinnati, Ohio.

"Your Regional Medical Program Story - A Healthy Concern for Montanans" (10-page brochure).

NEW JERSEY REGIONAL MEDICAL PROGRAM

Published by Program

"A Survey of Continuing Physician Education in New Jersey Hospitals - 1969" (445 pages). By James A. Rogers, M.D., Director Continuing Education.

"All Systems Go..." (16-page booklet). New Jersey Regional Medical Program launches initial operational programs. Background of New Jersey Regional Medical Program, description of nine projects, names and address of project directors, and members of the Regional Advisory Group.

"Chronic Hemodialysis Facilities in New Jersey" (1-fold leaflet). Summer 1970. Listing of chronic renal dialysis centers in New Jersey approved for participation in Chronic Renal Disease Program of the New Jersey State Department of Health.

"Community Attitudes Toward Public Services" (101-page booklet). A survey of the Hoboken, New Jersey Model Neighborhood for New Jersey Regional Medical Program and the Hoboken Model Cities Program.

"Medical Tapes by Phone for New Jersey Physicians" (2-fold leaflet). Listing of subjects of tapes available to all New Jersey physicians by collect call.

"Medical Tapes by Phone for New Jersey Physicians" (40-page booklet). Fall 1970. Listing of subjects of tapes available to New Jersey physicians by collect call.

Monograph No. 1, "Recommendations for Cardiovascular Surgical Units" (12-page book). June 1970. Criteria and standards for units as determined by New Jersey Regional Medical Program's Subcommittee on Cardiovascular Surgery.

Monograph No. 2, "A Manual on Stroke" (40-page booklet). July 1970. Quick reference source for personnel caring for stroke patients prepared by New Jersey Regional Medical Program's Council on Cerebrovascular Disease and Stroke.

Monograph No. 3, "Recommended Standards for Coronary Cineangiography Units in Community Hospitals" (2-fold leaflet). January 1971. Report of New Jersey Regional Medical Program's Subcommittee on Diagnostic Procedures in Heart Disease.

Monograph No. 4, "Recommended Standards for Coronary Care Units" (2-fold leaflet). January 1971. Report of New Jersey Regional Medical Program's Subcommittee on Diagnostic Procedures in Heart Disease.

"New Jersey Regional Medical Program. Model Cities Health Services Study in Heart Disease: Report of a Feasibility Study" (50-page booklet). August 1969 (published June 1970). Results of heart screening in Newark Model Cities area.

"New Jersey Regional Medical Program News, Information and Data" (newsletter). Published as needed; first issue: September 4, 1968.

"Program Report" (6-page newsletter). Brief presentation of New Jersey Regional Medical Program's projects and planning activities for fiscal year April 1971-March 1972.

"Progress Report - The New Jersey Regional Medical Program" (8-page pamphlet). Summer 1969. Describes projects and program activities.

"The New Jersey Regional Medical Program" (2-fold leaflet). Origin and development of the New Jersey Regional Medical Program; text of Public Law 89-239; listing of Executive Committee.

NORTHEAST OHIO REGIONAL MEDICAL PROGRAM

Published by Program

"How Do You Vote Regarding the Northeast Ohio Regional Medical Program?" (12-page booklet). A nine-minute quiz for physicians in which they can check preferences to help the Northeast Ohio Regional Medical Program better tailor the program to fit the region's needs.

"Introducing Northeast Ohio Regional Medical Program, An Opportunity for the Medical Health Team in Our 12-County Region to Improve the Health Care of 4,200,000 People" (2-fold leaflet). Explanation of the purposes of Regional Medical Programs and general information on the Northeast Ohio Regional Medical Program.

"Northeast Ohio News, Information and Data" (newsletter). Published when needed; first issue: November 13, 1968.

"Northeast Ohio Regional Medical Program - Board of Trustees 1971" (16-page booklet). Introduces through pictures and background information, the Board of Trustees for 1971. Also gives organization, projects, activities and priorities.

"Program Description and Committees 1970" (34-page booklet). Outlines the goals of the Northeast Ohio Regional Medical Program and how it operates including current progress, a brief description of completed studies and pending grant applications as well as 1970 committee appointments and functions.

"Northeast Ohio Regional Medical Program - Part I, Description of the Program Section, Part II, Committees 1969" (26-page booklet). Directory and Committee regulations.

"The Northeast Ohio Regional Medical Program, Part I. Description of the Program, Section I. Origin-Goals-Strategy" (25-page booklet). Description of the program, its goals, strategy and methodology.

"The Northeast Ohio Regional Medical Program, Part II. Health Related Data, Section I. Demography" (20-page booklet). Contains demographic information which supplies the base for comparative evaluation of much of the data to be published in following booklets (sections), and should prove helpful in estimating health needs within the region, and in judging adequacy of resources in manpower and facilities.

"The Northeast Ohio Regional Medical Program, Part II. Health Related Data, Section II. Mortality Statistics" (26-page booklet). Mortality studies of heart disease, cancer and stroke and related diseases in Northeast Ohio.

"The Northeast Ohio Regional Medical Program, Part II. Health Related Data, Section III. Pertinent Data from the National Health Survey" (22-page booklet). Information pertinent to Regional Medical Programs abstracted from the National Health Survey statistics of the National Center for Health Statistics.

"The Northeast Ohio Regional Medical Program, Part II. Health Related Data, Section IV. Hospital Discharge Study" (35-page booklet). Hospital discharge study for patients with heart disease, cancer, stroke, and related diseases.

"The Northeast Ohio Regional Medical Program, Part II. Health Related Data, Section V. Health Manpower" (25-page booklet). Resources in health manpower in Northeast Ohio.

"The Northeast Ohio Regional Medical Program, Part II. Health Related Data, Section VI. Health Facilities" (30-page booklet). Compilation of detailed information on short and long stay hospital and nursing home facilities in Northeast Ohio.

"The Northeast Ohio Regional Medical Program, Part II. Health Related Data, Section VII. Manpower Training Programs" (32-page booklet). Identifies and tabulates the Health Manpower Training Programs being conducted in Northeast Ohio under the headings of Internships and Residencies, Nursing Programs and Allied Health Programs.

"The Northeast Ohio Regional Medical Program, Part III. Continuing Education, Section I. Physician Survey" (30-page booklet). Compilation of information resulting from survey of physicians in Northeast Ohio.

OHIO STATE REGIONAL MEDICAL PROGRAM

Published by Program

"An Overview" (mimeographed paper). A description of origin, purpose, and ongoing projects of the Ohio State Regional Medical Program.

"A Proposed System for a Council for Continuing Education" (20-page mimeographed paper). By Braxton E. Tewart.

"A Workshop: Mobile Coronary Care Unit" (87-page booklet). Proceedings of a workshop held December 6, 1969, to examine the medical, operational and technical experience and future contributions of mobile coronary care units, specifically: The Columbus Heartmobile, sponsored by the Ohio State Regional Medical Program, and mobile coronary care unit programs in Belfast, Ireland; New York, and Miami.

"Cable Television (CATV): Potential Medium for Continuing Medical Education" (Mimeographed paper). By Robert C. Ringe.

"Conceptual Strategy" (mimeographed paper). An interpretation of Public Law 89-239 and the Ohio State Regional Medical Program's role in the encouragement of the development of programs at the local level.

"Continuing Medical Education Needs as Perceived by Selected Ohio Physicians" (242-page booklet). By John C. Barton. A Survey to determine the continuing education needs and preferred educational methods of Ohio physicians to assist the providers of continuing education in evaluating planning procedures and subject matter.

"Computer-Assisted Instruction Conference" (159-page booklet). Proceedings of the CAI Conference held on May 23 and 24, 1970 to examine the knowledge and experience gained during two years of operation of the Computer-Assisted Instruction Study sponsored by the Ohio State Regional Medical Program.

"Criteria for Review of Proposal" (mimeographed paper).

"Critical Data Base." A health atlas of the State of Ohio including population estimates, morbidity and mortality rates plus socio-economic, health manpower and health facilities information.

"Equivalency and Proficiency Report" (41-page booklet). By Monica V. Brown. A survey of selected health professional and technical education programs, boards of licensure, state and national health professional organizations to show trends regarding equivalency and proficiency tests available for veterans, and other with medical experience, to obtain advanced standing in education programs and certification in the health professional organizations. Prepared by Health Careers of Ohio, sponsored by the four Regional Medical Programs in Ohio.

"Guidelines for the Preparation of Operational Proposals" (mimeographed paper).

"Health Services Grouping" (mimeographed paper). Comprehensive coding of major, allied and support health professions and occupations. Prepared by Health Careers of Ohio, sponsored by the four Regional Medical Programs in Ohio.

"MEDHIC Profiles" (newsletter). First issue: March 1971. Listing of servicemen and veterans interested in health professions. Prepared by Health Careers of Ohio, sponsored by the four Regional Medical Programs in Ohio, and published by the Ohio Hospital Association.

"Ohio State Regional Medical Program" (newsletter). First issue: January 1968.

"Over 200 Health Careers" (5-fold leaflet). Describes needs and opportunities in the health care field and lists 33 additional leaflets (3-fold) available on request which focus on specific health professions. Each includes: career description, career outlook, employment opportunities, financial rewards, advancement, educational requirements, registration or licensure requirements and financial assistance sources. Prepared by Health Careers of Ohio, sponsored by the four Regional Medical Programs in Ohio.

"Perspectives on Health Care Delivery in the 70's" (40-page booklet). Edited proceedings of the Spring 1970 seminar series presented by the Ohio State University Graduate Program in Hospital and Health Services Administration and the Ohio State Regional Medical Program.

"Physician Assistant Programs" (16-page mimeographed paper). A national listing of the physician assistant training programs offered or planned. Prepared by Health Careers of Ohio, sponsored by the four Regional Medical Programs in Ohio.

"Planning the Program of an Upcoming Meeting" (3-fold leaflet). Describes services of the Ohio State Regional Medical Program Speakers Bureau.

"Potential Medical Uses for Micro-Wave Television" (mimeographed paper). By Charles H. White, Robert C. Ringe, and Braxton E. Tewart.

"Problems of the Nation's Health - Implications for Health Care Delivery" (23-page booklet). By Charles R. Brown.

"Professional Nurse." Booklet available for recruitment activities.

"Purposes, Goals, Needs and Strategies" (15-page booklet). Details the operational framework, methodology and program component activities of the Ohio State Regional Medical Program.

"Putting the Patient First" (10-page booklet). Background of the Ohio State Regional Medical Program, description of Heartmobile, Critical Data Study, Modes Study, Computer-Assisted Instruction Study, Field Relations and Task Forces; listing of Regional Advisory Committees.

"The Development of Local Planning Committees" (mimeographed paper).

"The RMP Story" (mimeographed paper). An outline of the general development of Regional Medical Programs and the beginning of the Ohio State Regional Medical Program.

"Training Program for Directors of Medical Education" (16-page mimeographed paper). By Donald McBride, D.O. Describes purpose, candidate eligibility, and educational activities of the Training Program for Directors of Medical Education offered to practicing physicians by the Ohio State Regional Medical Program.

"Twenty Questions" (mimeographed paper). Questions and answers on the Ohio State Regional Medical Program.

"A Report on Physician Manpower in the Tri-State Region," (141 pages). February 1970. Distribution of physicians, their ages and kinds of practice within the Tri-State area. Prepared by Albert Chevan, Ph.D., Thomas O. Wilkinson, Ph.D., and Osler L. Peterson, M.D.

"Coronary Care in the Tri-State Region" (92-page booklet). November 1970. A report on the numbers of myocardial infarctions and expected hospitalizations for comparison with existing facilities and personnel. Prepared by Osler L. Peterson, M.D., and Benedict J. Duffy, M.D.

"CU-RMCP - Putting the Pieces Together" (2-fold pamphlet). Describes the Regional Medical Cardiovascular Program of the Cardiovascular Unit in the City of Boston Department of Health and Hospitals.

"Kidney Disease: A Patient's Guide to Funding Sources in New England" (44-page booklet). An explanation to the patient of end-state kidney disease, with a discussion of dialysis and transplantation and their costs, with directories of funding sources. Prepared by George L. Bailey, M.D., and Jeannette H. Forsyth, Ph.D. July 1971.

"Kidney Disease: Funding Sources for Dialysis and Transplantation Patients in New England" (126 pages). A manual for physicians outlining the complicated process of funding kidney patients, approaches for obtaining such funds. Policies and coverage of various agencies are listed and a New England Directory of agencies assisting chronic renal failure patients is included. Prepared by George L. Bailey, M.D., and Jeannette H. Forsyth, Ph.D. August 1971.

"Medical News and Education" (newsletter). First issue: September 1970.

"Minority Group Medical Education in New England" (70 pages). March 1971. A report on the efforts by Medical Schools and area universities and colleges to increase minority representation in medicine. Prepared by William M. Parham and Charles N. Smart under a Sloan Foundation award.

"Organization of Regional Cancer Programs at Three Levels" (10-page pamphlet). Guidelines for the standards and goals to be attained in establishing regional cancer programs.

"Radiotherapy Facilities and Personnel in the Tri-State Region" (185 pages). September 1970. A report on the problems encountered in the delivery of radiation therapy to cancer patients in Massachusetts, Rhode Island and New Hampshire. Prepared by Osler L. Peterson, M.D., and Benedict J. Duffy, M.D.

"Tri-State RMP of Massachusetts, New Hampshire, Rhode Island - Who, What, Where, When, Why, How" (12-page booklet). Background and purposes of the Tri-State Regional Medical Program.

"RMP: An Idea Whose Time Has Come," Tufts Health Science Review, pages 56-57. Winter-Spring 1971. By Benedict J. Duffy, M.D. Development of series of guidelines for development of regional cancer care programs.

VIRGINIA REGIONAL MEDICAL PROGRAM

Published by Program

"Handbook for Virginia Tumor Registry, January 1971" (155-page loose-leaf handbook). Information on Virginia Tumor Registry, abstracting, coding, and handbook for hospital registries.

"Myocardial Infarction Training Program for Registered Nurses" (3-fold leaflet). 1970 and 1971. Course description, objectives, enrollment, and methods of instruction.

"New Dimensions" (newsletter). First issue: March 1968.

"Physician Training Program in Myocardial Infarction Care" (3-fold leaflet). Program objectives, content, and method of training.

"VAMIS" (Virginia Medical Information System)" (2-page leaflet). Introduction to the Virginia Medical Information System. Services, activities and list of library affiliations.

"VAMIS - Medical College of Virginia" (2-page leaflet). Services offered by Medical College of Virginia Center.

"VAMIS - University of Virginia" (2-page leaflet). Services offered by University of Virginia Center.

"Virginia Regional Medical Program" (14-page brochure). History and goals of the Virginia Regional Medical Program. Summaries of operational projects. Lists Regional Advisory Group and Core Staff.

"Virginia Regional Medical Program - Data Book, October 1969" (35-page booklet). Facts and figures relating to heart disease, cancer, stroke, and related diseases in Virginia.

"Virginia Regional Medical Program, Incorporated" (9-page leaflet). Information on Virginia Regional Medical Program and operational projects. Lists Regional Advisory Group, board of directors, and core staff.

"Virginia Regional Medical Program, Incorporated - Its Purpose, Its Objectives, Its Operation, Its Funding Procedure" (11-page brochure). Published October 1971.

"Workshop Proceedings - Continuing Education for Nursing Personnel, May 1971" (53-page booklet). Detailed report of eight workshops, including evaluations and participant listings.

WASHINGTON/ALASKA REGIONAL MEDICAL PROGRAM

Published by Program

"Abdominal and Peripheral Vascular Disease" (14-page booklet). Supplements four television programs on same subject. Available on film or video-tape. Programs acceptable for accredited hours by the Academy of General Practice.

"Action in Health Care" (24-page brochure). Defines the problems faced, goals set, action taken and structure of the Washington/Alaska Regional Medical Program.

"Advanced Cardiovascular Nursing Course" (3-fold brochure).

"Advanced Coronary Care Nursing Course Proceedings" (243-page book, \$5.). These proceedings represent a multifaceted approach to coronary care. They include lecture presented at the Advanced Course in Coronary Care Nursing held at the University of Washington, October 12-16, 1970. The material provides both information supplemental to that in a basic course, and advanced theory related to optimizing the health team's approach to coronary care.

"Ancillary Methods in Diagnosis of Stroke" (14-page pamphlet). Supplements three television programs. Purpose of series is to demonstrate certain ancillary techniques which are important in the differential diagnosis of stroke. First program deals with the value of skull x-rays, echoencephalogram, brain scan, ophthalmodynamometry and Doppler device. Second program covers lumbar puncture, the electroencephalogram and angiography. In the third program, all ancillary techniques are illustrated with actual case presentations.

"Angina Pectoris" (14-page booklet). Supplements three television programs which present the varied clinical manifestations of angina pectoris due to atherosclerotic disease of the coronary arteries, offer a summary of the recent descriptions of the anatomic and physiologic abnormalities associated with this disease and discuss present methods of diagnosis and therapy.

"A Survey of Continuing Medical Education for Physicians in the State of Washington - Phase I." September 1968. A study to determine how well the continuing medical education needs of the physicians are being met.

"A Survey of Stroke Care in the Washington/Alaska Region" (73 pages). By Ann P. Carter, M.D., Ch.B., DPH. During the summer of 1968, a survey on stroke in private practice was conducted for the Washington/Alaska Regional Medical Program. This report is based on data on 1,297 stroke patients, obtained from 311 private physicians in Washington and Alaska. It describes the pattern of stroke occurrence throughout the region, current stroke care practices, facilities available and physician attitudes in the region toward stroke.

"Calendar - Courses, symposia, and seminars for physicians" (3-fold oversize mailer). Announces each series of medical and nursing television programs to be presented by the Washington/Alaska Regional Medical Program in 1970-71. Compiled and published by the Washington/Alaska Regional Medical Program in cooperation with the Washington State Medical Association and the University of Washington School of Medicine.

"Cancer Task Force Newsletter." A periodic bulletin produced by the Cancer Task Force, an ad hoc committee of the Washington/Alaska Regional Medical Program.

"CCU Bulletin." Published bi-monthly, for doctors and nurses associated with coronary care units. A joint publication of the Washington and Alaska Heart Associations and the Washington/Alaska Regional Medical Program.

"C.O.P.D." (12-page booklet). Supplements three television programs on differential diagnosis of chronic obstructive pulmonary disease, office management and treatment steps concerned in management of COPD.

"Diagnosis and Treatment of Diabetic Ketoacidosis" (16-page pamphlet). Supplements two filmstrip programs on diagnosis and treatment of diabetic ketoacidosis.

"Diagnosis of Renal Hypertension Using Renin Activity and Renal Vein Pressor Assay" (14-page booklet). Includes recommendations for present clinical applications and protocol for use of renin assays.

"Funding Resources Directory" (126-page booklet). Lists sources of funding information for those engaged in community health and welfare activities such as national, state and local foundations, federal agencies, bank trusts, business and industry.

"Headache" (12-page booklet). Supplements three television programs on diagnosis and management of vascular/tension headache, and management of organic headache.

"Health & Welfare Summary, 1969 Washington State Legislature" (148 pages). Brief summary of the actions taken by Washington State's lawmakers in areas vital to the health and welfare of State's citizens.

"Inactive Nurses in Washington State." October 1968. Survey by Louise Shores, R.N. An effort to determine the characteristics of inactive nurses in Washington, their reasons for not working, the extent to which they represent a potential nurse supply, and their interest in a refresher course.

"Intensive Care" (12 pages). By Lucius Davis Hill, III, M.D., Phillip O. Bridenbaugh, M.D., Richard R. Paton, M.D., Neely E. Pardee, M.D. Supplements three 20-minute television programs on intensive care. Discusses operation of Intensive Care Units with emphasis on the performance needed from members of a medical team and considers alternatives in the provision of intensive care in different communities and hospital settings.

"Intercom" (newsletter). Published bi-monthly. Inner-office, inter-departmental; published for staff and committees of the Washington/Alaska Regional Medical Program to keep them informed of recent developments within the program and the health field in general.

"Management Decisions in Stroke" (16-page booklet). Supplements three television programs designed to help physicians adopt a logical approach to lumbar puncture and anticoagulation, arteriography and surgery, and prevention and supportive care.

"Medical Postgraduate Preceptorships" (3-fold brochure). Information about the individualized training courses sponsored each year by the Washington/Alaska Regional Medical Program in cooperation with the University of Washington School of Medicine's Division of Continuing Medical Education, teaching hospitals and practicing physicians in the region.

"Medical Radio Conferences - Continuing Medical Education" (folder). Includes program schedule and section for rating.

"Nuclear Medicine" (16-page booklet). Supplements three television programs on the emerging of the new specialty of nuclear medicine and clinical procedures in this field which are most readily available now to the general medical community.

"Patient Origin Study" (Vols. 1, 2A, 2B, 2C, 2D). The first five in a continuing series of reports derived from the Patient Origin Study cooperatively planned and carried out by the Washington/Alaska and Oregon Regional Medical Programs and the Idaho State Comprehensive Health Planning Agency. The study focuses on Washington State in detail, although information pertinent to Oregon and Idaho is presented. It is concerned with patterns of patient flow from places of residence to places of hospitalization.

"Proceedings of the Conference on Coronary Care Units," (June 1-2, 1968, Lake Wilderness, Washington). Highlights and recommendations from the Washington/Alaska Regional Medical Program Conference/Workshop on Coronary Care Units which brought together physicians and nurses active in coronary care units to discuss problem areas and plans for future developments.

"Radiological Physics Manual." Describes the Washington/Alaska Regional Medical Program's Radiological Physics project, the problems which led to its inception, and its method of attacking the problems since its beginning in June 1969.

"Recognition and Management of Valvular Heart Disease" (14-page pamphlet). Supplement to three television programs. Purpose: to demonstrate important diagnostic and surgical principles involved in recognition and management of valvular heart disease. First two programs cover recognition and evaluation of patients with mitral and aortic valve disease, including clinical signs and symptoms, and radiographic and electrocardiographic features. Third program covers the surgical management of these conditions.

"Recognition and Treatment of Arrhythmias" (12-page booklet). By J. R. Blackmon, M.D. To demonstrate the importance of the relationship of the mechanisms of heart contraction to the available modes of diagnosis and treatment. To accompany a series of three 20-minute television programs. First program deals with underlying physiology of electrical impulse formation and conduction in the heart, principles of drug and electrical therapy and with interpretation of the standard ECG. Second program concerned with the use of these principles in the diagnosis of the cardiac arrhythmias. Third program covers the application of the available techniques of therapy, both electrical and drug, to the arrhythmias.

"Regional Medical Computer Services Conference Proceedings" (200-page book, \$10.). A review of the October 1-2, 1970 conference at the Seattle Pacific Science Center. Includes excerpts from speeches given by experts in medicine and computers, as well as surveys, questionnaires, and material gathered from the discussions presented at the conference.

"Rehabilitation Nursing Courses" (3-fold brochure). About the annual series of intensive short-term courses in preventative and restorative nursing care, sponsored by the Washington/Alaska Regional Medical Program and the Washington State Heart Association.

"Report to Faculty" (annual publication). A report to the faculty of University of Washington Health Sciences Department on the performances of the various facets of the Washington/Alaska Regional Medical Program.

"Results" (newsletter). Published bi-monthly in Northwest Medicine magazine. Discusses activities in the health field in the Northwest region.

"Screening for the Prevention of Stroke: Use of a Doppler Flowmeter" (10-page booklet). By Edwin C. Brockenbrough, M.D. Includes anatomy, physiology, and clinical application.

"Stroke Rehabilitation" (12-page booklet). Supplements three television programs on the aspects of stroke rehabilitation with regard to both patient and physician.

"The Bedside Diagnosis of Stroke" (12-page pamphlet). A discussion of those topics which will supplement the basic knowledge of practicing physicians and increase competence in stroke diagnosis. Pamphlet to accompany series of three 20-minute television programs.

"Tumor Registry Newsletter" (newsletter). Published bi-monthly by Automated Tumor Registry, a project of the Washington/Alaska Regional Medical Program. For hospitals, Tumor Registry registrars, agencies, and other persons concerned with cancer in the region.

"Tumors of the Head and Neck" (14-page booklet). Supplements three 20-minute television programs which demonstrate important diagnostic and therapeutic principles involved in recognition and management of tumors of the head and neck. First program deals with cancer of the oral cavity; second covers asymptomatic neck masses; and third is on the recognition and management of patients with cancer of the larynx.

"W/ARMP Audiovisual Productions" (79 pages). Lists and describes audiscan automatic filmstrips, super-8 technicolor cartridges and 16 mm film, video-tapes and super-8 technicolor transfers and printer material done in conjunction with the television programs which are available through the Washington/Alaska Regional Medical Program.

"Washington and Alaska Coronary Care Capability Survey" (15-page booklet). Summer 1967. Directed by Stephen R. Yarnall, M.D., report prepared by Jack P. Kornfeld. A survey of the extent of coronary care unit development in the hospitals of the region.

"Where Washington Cancer Patients Died, 1966" (41-page booklet). March 1968 Prepared by Jack P. Kornfeld in cooperation with Jess Spielholz, M.D., Washington State Department of Health, Health Service Division.

WESTERN NEW YORK REGIONAL MEDICAL PROGRAM

Published by Program

"Annual Report 67/68" (92-page book). Basic information on the program and description of its activities. Includes listing of staff, Regional Advisory Group, and Program Committees.

"Annual Report 69/70" (50-page book). Includes relationships with other organizations, the components of the program and their functions in the grant proposal review process, and aspects of activities in cancer, heart disease, and stroke.

"A Pulmonary Rehabilitation Program for Your Hospital" (2-fold brochure). Descriptive brochure to arouse interest in pulmonary rehabilitation programs.

"Chronic Respiratory Disease Program" (3-fold brochure). Describes purpose and program of Western New York Regional Medical Program's Chronic Respiratory Disease Program.

"Community Health Information Profiles" (2-fold brochure). Explains services available through this program.

"First Wednesday: A New Series for Clinical Pastoral Education" (2-fold brochure). Schedule of programs for Spring 1970 to be delivered over the Telephone Lecture Network. Introduces speakers and topics.

"Home Care Program for Patients with Chronic Lung Disease," (1-fold brochure). Description of home care program.

"Information Dissemination Service" (2-fold brochure). Describes services available through the Information Dissemination Service. Available to all health professionals in the region free of charge.

"Newsletter on Cancer." Sponsors: Western New York Regional Medical Program; Rochester Regional Medical Program, Cancer Committee, Medical Society of the State of New York; New York State Cancer Program Association; Bureau of Cancer Control, New York State Department of Health. Fall 1969.

"President's Forum: A Report" (2-page leaflet). A report presented by President of the Health Organization of Western New York, Inc. (The Regional Advisory Group to the Regional Medical Program) at the Annual General Meeting 1971. Irwin Felsen, M.D.

"Regional Medical Program for Western New York" (12-page booklet). Spring 1971. Describes program and activities of the Western New York Regional Medical Program.

"Regional Medical Program for Western New York" (newsletter). Published approximately eight times a year. First issue: September 1967.

"Regional Medical Program for Western New York 70/71" (30-page booklet). Annual report includes overview of the region, core staff activities, and program operations.

"Rehabilitation for Patients with Chronic Obstructive Lung Disease" (2-fold brochure). Describes Pulmonary Rehabilitation Program, a training program sponsored by Western New York Regional Medical Program.

"R.M.P. Coronary Care Training Program" (2-fold leaflet). Schedule, course description, methods of instruction and related information.

"Stroke - Epidemiology and Patterns of Medical Care" (81-page book). Describes epidemiology and the patterns of medical care of stroke patients as occurring in the 8-county region.

"The General Practitioner Looks at Chronic Bronchitis and Emphysema" (1-fold brochure). Information on Telephone Lecture Network presentation by Dr. Ian Gregg.

"Telephone Lecture Network" (2-fold brochure). General description of the Telephone Lecture Network.

"Telephone Lecture Network 1971-72 Lecture Series" (series of 2-fold brochures). Schedules of the 71-72 lecture series in each of the following categories: Cancer Oncology, Clinical Pastoral Education, Dentists, Dietetics, Inhalation Therapy, Managerial and Supervisory Development, Medical Records, Medical Social Workers, Medical Technology, Nurses, Nurses Special Programs, Occupational Therapy, Parents of Diabetic Children, Pharmacy, Physical Therapy, Physicians, Podiatry, and Psychiatry.

"The Regional Medical Program for Western New York" (2-fold leaflet). Background on the objectives of Regional Medical Programs and development of the Western New York Regional Medical Program.

"The Volunteer's Contribution to the Regional Medical Program for Western New York." March 1, 1968 to March 1, 1969. (12-page booklet). Lists cooperative contributions, investment breakdown, types of service, intangibles, agencies and hospitals in the region.

"Western New York Regional Medical Program Tumor Registry Procedural Manual" (33-page booklet). October 1970. Includes discussions of uses tumor registry will provide, directions for abstracting registry information.

REGIONAL MEDICAL PROGRAMS IN GENERAL

Published by Regional Medical Programs Service

"Automated Multiphasic Health Testing and the Regional Medical Programs" (10-page mimeographed report). A report of a Subcommittee of the National Advisory Council on Regional Medical Programs, May 11, 1971.

"An Evaluation Study of Coronary Care Nurse Training" (273 pages). Public Health Service Publication No. 2145. January 1970.

"California Student Health Project, Summer 1968" (84 pages). Substantive analysis of the project, including many vignettes of projects, usually incorporating student statements. Published 1969.

"Chicago Student Health Project, Summer 1968" (129 pages). Contains results of various research projects carried out by students from various health science fields working in and with community groups toward solution of community health problems. Published 1970.

"Colorado Student Health Project - Summer 1968" (101 pages). Summer projects based on three major areas of the State. Each is discussed separately including summary of student impressions of the health care system in their area as it concerns the medically indigent. Published 1970.

"Fact Book on Regional Medical Programs - A Special Report to the National Advisory Council, Regional Medical Programs Service" (67 pages). August 1971. Reference source on Regional Medical Programs Service organization, functions and progress.

"Guidelines for Cancer Care" (208 pages). A compilation of organizations, personnel, facilities and guidelines, prepared by: Committee on Guidelines for Cancer Care, Commission on Cancer, American College of Surgeons. Funded by Regional Medical Programs Service.

"Guidelines - Regional Medical Programs" (32 pages). Revised May 1969.

"Addendum - Guidelines - Regional Medical Programs" (49 pages). February 1970.

"Guidelines - Regional Medical Programs Service - for Multi-Program Services Project Grants (Section 910 of Title IX of the Public Health Service Act)" (19 pages). August 1970.

"Greater New York Student Health Project - Summer 1968" (155 pages). Published 1969. Greater New York Student Health Project, and its concern with the social problems and health needs of the poor.

"Kidney Disease - Services, facilities, and programs in the United States" (135 pages). July 1970 (second revision). Source book to serve as patient referral directory.

"Library Activities of Regional Medical Programs." February 1969.

"MAST - Report of Test Program by the Interagency Study Group - July/December 1970. A cooperative effort to save lives by the Department of Defense, Department of Transportation, and the Department of Health, Education and Welfare" (33 pages).

"News, Information and Data." Regional Medical Programs Service communications device. Published as needed; first issue: May 11, 1967.

"1970 - Special Hospital Services for Cardiovascular Disease Patients - Vol. 1 - General Services" (466 pages).

"1970 - Special Hospital Services for Cardiovascular Disease Patients - Vol. 2 - Special Services" (73 pages). Published by Government Printing Office, price \$5 per 2 volume set; GPO Stock No. 1727-0026.

"Papers Presented - Conference of Coordinators of Regional Medical Programs." September 30-October 1, 1968. (174 pages).

"Papers Presented - National Nursing Conference Post-Hospital Care of Coronary Patients" (161 pages). Conference held in Richmond, Virginia, February 25-26, 1970, sponsored by: American Heart Association Council on Cardiovascular Nursing; Heart Disease and Stroke Control Program, United States Public Health Service, in cooperation with the Virginia Heart Association.

"Philadelphia Student Health Project, Summer 1968" (133 pages). Purpose of Project given, as well as papers of project workers, background and evaluation, and research instruments used. Published 1969.

"Proceedings of the 2nd Annual Conference on Automated Indirect Blood Pressure" (89 pages). Conference sponsored by Regional Medical Programs Service; printed by Roche Medical Electronics Division, Hoffmann-La Roche Inc., Medical Department. May 8, 1969.

"Proceedings: Conference on Regional Medical Programs, January 15-17, 1967" (127 pages). PHS Publication No. 1682.

"Proceedings: Conference-Workshop on Regional Medical Programs" in two volumes, January 17-19, 1968. PHS Publication No. 1774.
Vol. I: Plenary Sessions, Panel and Discussion Groups, Related Background Information on Conference-Workshop (Appendices). (180 pages).

Vol. II: 15-Minute Papers on Regional Activities and Ideas. (182 pages).

"Proceedings: Conference of Coordinators and Chairmen of Regional Advisory Groups of Regional Medical Programs, September 27-29, 1969, Warrenton, Virginia" (279 pages).

"Progress Report - Regional Medical Programs Service." Package of brochures designed to accompany exhibit. Brochures outline role of physician and hospitals in Regional Medical Programs, and give brief outline of what Regional Medical Programs do in the areas of cancer, heart disease, and rehabilitation. December 1970.

"Regional Medical Programs National Conference for Allied Health Professions, Asilomar, California, April 21-24, 1969" (89 pages). Contains speeches, panelists reactions, list of participants.

"Regional Medical Programs National Allied Health Conference" (165 pages). Conference held April 1970; proceedings published January 1971. Proceedings of the Second National Conference for the Allied Health Professions contains full texts of major speeches, panel presentations, and the Reports of the Task Forces and Special Interest Groups.

"Regional Press Reports." Communications device, containing excerpts of interest from press items about Regional Medical Programs. Published approximately every two weeks. First issue: April 16, 1971.

"Regional Medical Programs and Their Relationships to the Urban Community and the Poor, November 1968" (80 pages).

"Report on Regional Medical Programs to the President and the Congress" (105 pages). June 1967. PHS Publication No. 1960.

"Report of the Kidney Disease Planning Board of North Carolina" (72 pages). Planning for the Care (Dialysis and Renal Transplantation) of Patients with Chronic Uremia in North Carolina.

"Selected Listing of Federal and Non-Federal Programs Relating to Allied Health." April 1, 1969.

"Selected Vignettes on Activities of Regional Medical Programs"
(83 pages). Revised September 1971.

"Stroke Registries, Report of the Task Force on Stroke Registries
of the Joint Subcommittee on Cerebrovascular Disease of the
National Advisory Heart Council and the National Advisory Neurological
Diseases and Blindness Council, National Institutes of Health,
September 15, 1967."

"The Cancer Registry" (45 pages). March 1970. By Abraham Ringel.
Main sections of paper deal with the Hospital Cancer Registry, the
Central Cancer Registry, and Regional Medical Programs and Cancer
Registry Activities.

REGIONAL MEDICAL PROGRAMS IN GENERAL

Legislative*

U.S. Congress, House Committee on Interstate and Foreign Commerce, Heart Disease, Cancer and Stroke Amendments of 1965; Report No. 963, 89th Congress, 1st session, U.S. Government Printing Office. September 8, 1965.

U.S. Congress, House Committee on Interstate and Foreign Commerce, Regional Medical Complexes for Heart Disease, Cancer, Stroke and Other Diseases; Hearings. 89th Congress, 1st session, on H.R. 3140, Ser. No. 89-20. U. S. Government Printing Office, 1965.

U.S.. Congress, Senate Committee on Labor and Public Welfare, Combating Heart Disease, Cancer, Stroke, and other Major Diseases; Hearing Before the Subcommittee on Health, 89th Congress, 1st session, S.596. U.S. Government Printing Office, 1965.

U.S. Congress, House Committee on Interstate and Foreign Commerce, Regional Medical Programs; Alcoholics and Narcotics Addicts Facilities; Health Services for Domestic Agricultural Migratory Workers; Hearings. 90th Congress, 2nd session, on H.R. 15758, Ser. No. 90-36. U.S. Government Printing Office, March 26, 27, 28, 1968.

U.S. Congress, House Committee on Interstate and Foreign Commerce, Grants for Regional Medical Programs, Health of Agricultural Migrant Workers, Alcoholic and Narcotic Addict Rehabilitation Facilities; Report No. 1536, 90th Congress, 2nd session, U.S. Government Printing Office, June 10, 1968.

U.S. Congress, Senate Committee on Labor and Public Welfare, Health Services Amendments; Hearing Before the Subcommittee on Health, 90th Congress, 2nd session, S. 3094. U.S. Government Printing Office, July 12, 1968.

U.S. Congress, Senate Committee on Labor and Public Welfare, Health Service Amendments of 1968; Report No. 1454, 90th Congress, 2nd session, U.S. Government Printing Office, July 24, 1968.

*arranged in chronological order

U.S. Congress, Committee of Conference, Health Services and Facilities Amendments; Report No. 1924, 90th Congress, 2nd session, U.S. Government Printing Office. September 25, 1968.

U.S. Congress, House Committee on Appropriations; Hearings Before a Subcommittee on Departments of Labor and Health, Education, and Welfare and Related Agencies, 91st Congress, 1st session, Part 3 and Part 7, U.S. Government Printing Office, 1969.

U.S. Congress, House Committee on Appropriations; Report No. 91-391, 91st Congress, 1st Session, U.S. Government Printing Office, July 24, 1969.

U.S. Congress, Congressional Record, August 4, 1969. H 6832. (Overall and Detailed Figures in Connection with the Bill Providing Appropriations for the Departments of Labor, and Health, Education, and Welfare provided by Senator Daniel J. Flood).

U.S. Congress, Congressional Record, September 19, 1969. S 11009. (Remarks by Senator Ralph W. Yarborough)

U.S. Congress, Senate Hearings Before the Committee on Appropriations, Departments of Labor, and Health, Education, and Welfare, H.R. 13111, 91st Congress, 1st session, FY 1970, parts 2, 6, and 7. U.S. Government Printing Office, 1969.

U.S. Congress, Congressional Record, December 4, 1969. S 15635. (Remarks of Senator Edward M. Kennedy and excerpts from letters on the budget crisis in Regional Medical Programs)

U.S. Congress, Senate Committee on Appropriations, Report No. 91-610 (To accompany H.R. 13111), 91st Congress, 1st session. U.S. Government Printing Office. December 16, 1969.

U.S. Congress, Congressional Record, December 16, 1969. S 16863. (Remarks by Senator Warren G. Magnuson concerning Departments of Labor, and Health, Education, and Welfare, and Related Agencies Appropriations Bill, 1970).

U.S. Congress, Congressional Record, December 17, 1969. S 16999. (Remarks by Senator Jennings Randolph on funding levels for the Health Services and Mental Health Administration)

U.S. Congress, Congressional Record, December 20, 1969. E 10963. (Editorial from New York Times by Leona Baumgartner, M.D. inserted by Congressman Richard L. Ottinger).

U.S. Congress, House Appropriations for the Departments of Labor, and Health, Education, and Welfare, and Related Agencies, 1970; Conference Report No. 91-781 (To accompany H.R. 1311), 91st Congress, 1st session, U.S. Government Printing Office, December 20, 1969.

U.S. Congress, introduced by Senator Ralph W. Yarborough (D. Texas), Senate Committee on Labor and Public Welfare, and the Subcommittee on Health: S. 3355; Bill Filed for Extension of Regional Medical Program Legislation; 91st Congress, 2nd session, January 29, 1970. (News, Information and Data [Regional Medical Programs Service], Vol. 4, No. 5S, February 9, 1970. Also contains reprint from Congressional Record, page S841, January 29, 1970.)

U.S. Congress, Senator Jacob K. Javits (R. New York); Senate Bill S 3443, February 16, 1970; and Congressman Harley O. Staggers (D. West Va.), House Bill H.R. 15960, February 17, 1970: Health Services Improvement Act of 1970; 91st Congress, 2nd session. (News Information, and Data, [Regional Medical Programs Service], Vol. 4, No. 9S. February 16, 1970. Carries text of S 3443 and page S1726 of the Congressional Record.)

"Comparative Analysis of Pending Legislation To Extend and Modify Regional Medical Programs" (Reprinted in News, Information and Data [Regional Medical Programs Service], Vol. 4, No. 11S. March 6, 1970.)

U.S. Congress, Senate Committee on Labor and Public Welfare: To Extend and improve Regional Medical Programs; Report No. 91-1090, 91st Congress, 2nd session. U.S. Government Printing Office. 1970.

"Pending Regional Medical Program's Legislation - Comparative Analysis and Committee Reports - of the House (August 12 - 365-0) and Senate (September 9 - 56-1)." (News, Information and Data [Regional Medical Programs Service] Vol. 4, No. 39S. September 29, 1970.)

U.S. Congress, House of Representatives, Committee on Interstate and Foreign Commerce: Report 91-1297 (to accompany H.R. 17570), 91st Congress, 2nd session, U.S. Government Printing Office, July 13, 1970.

U.S. Congress, Senate Committee on Labor and Public Welfare: The Health Services Improvement Act of 1970; Report No. 91-1090, 91st Congress, 2nd session. U.S. Government Printing Office. August 11, 1970.

U.S. Congress, Senate Hearings before the Subcommittee on Health of the Committee on Labor and Public Welfare; "Heart Disease, Cancer, Stroke, and Kidney Disease Amendments of 1970," S.3355, S.3443, and related bills. February 17, 18, 1970. U.S. Government Printing Office. 1970.

"Status Report Regional Medical Programs Legislation." (News, Information and Data [Regional Medical Programs Service], Vol.4, No. 44S, October 21, 1970. Includes copy of Conference Report (H.R. Report 91-1590) to accompany H.R. 17570, 91st Congress, 2nd session, "Regional Medical Programs and Comprehensive Health Planning and Services Act of 1970," U.S. Government Printing Office, October 8, 1970.)

P.L. 91-515, 91st Congress, H.R. 17570, October 30, 1970, "Amendments to Title IX of the Public Health Service Act," U.S. Government Printing Office, October 30, 1970.
